Pursuant to Section 4903.221, Revised Code, and Rule 4901-1-11, Ohio Adm. Code, The Kroger Co. (Kroger) respectfully moves the Public Utilities Commission of Ohio (Commission) for leave to intervene in the above-captioned matter with the full powers and rights granted to intervening parties. MEMORANDUM IN SUPPORT

On December 21, 2018, the Dayton Power and Light Company (DP&L) filed an Application for Approval of Its Plan to Modernize Its Distribution Grid (Modernization Plan Application) with the Public Utilities Commission of Ohio (Commission).¹ Through its Modernization Plan Application, DP&L seeks to impose costs upon its customers to implement its Distribution Modernization Plan and explains the purported benefits of the Distribution Modernization Plan, many of which appear to be speculative.² As such, Kroger hereby moves to intervene in this matter in order to ensure that the several Kroger facilities in DP&L's service territory fully realize the tax savings benefits of the TCJA.

Section 4903.221, Revised Code, and Rule 4901-1-11, Ohio Administrative Code, establish the standard for intervention in the above-captioned proceeding. Section 4903.221, Revised Code, provides, in part, that any person "who may be adversely affected" by a

Commission proceeding is entitled to seek intervention in that proceeding. Section 4903.221(B), Revised Code, further requires the Commission to consider the nature and extent of the prospective intervenor's interest, the legal position advanced by the prospective intervenor and its probable relation to the merits of the case, whether the intervention by the prospective intervenor will unduly prolong or delay the proceeding, and the prospective intervenor's potential contribution to a just and expeditious resolution of the issues involved.

Rule 4901-1-11, Ohio Adm. Code, permits intervention by a party who demonstrates a real and substantial interest in the proceeding and who is so situated that the disposition of the proceeding may impair or impede its ability to protect that interest and whose interest is not adequately represented by an existing party.

Kroger is one of the largest grocers in the United States, with numerous facilities served by DP&L. The facilities operated by Kroger use electricity for food storage, lighting, heating, cooling, and distribution, often 24 hours a day, 7 days a week. Kroger's electric distribution needs associated with its facilities in DP&L's service territories are considerable, and the costs associated with obtaining such services from DP&L will be impacted by the outcome of this proceeding.

Therefore, Kroger has a direct, real, and substantial interest in the issues raised in this proceeding and is so situated that the disposition of this proceeding may, as a practical matter, impair or impede its ability to protect that interest. Kroger is regularly and actively involved in Commission proceedings, including, but not limited to, proceedings involving DP&L's rates and services.³ As it has in previous proceedings, Kroger's unique knowledge and perspective will

contribute to the full development and equitable resolution of the factual issues in this proceeding, and Kroger's interest will not be adequately represented by other parties to this proceeding. Finally, this timely intervention will not unduly delay or prolong this proceeding.

Kroger satisfies the criteria set forth in Section 4903.221, Revised Code, and Rule 4901-1-11, Ohio Adm. Code, and is, therefore, authorized to intervene in the above-captioned proceeding with the full powers and rights granted by the Commission to intervening parties. Accordingly, Kroger respectfully requests that the Commission grant this motion for leave to intervene and that Kroger be made a full party of record.
