Subject: Comment on Case No. 18-0501-EL-FOR for Renewable Energy
Date: Thursday, February 14, 2019 3:19:22 PM

Dear PUCO Docketing Division,

We looked into it and it would cost our hose \$40000 to install. Hoping it will be less per household once the plan is in place

I am writing to urge you to support AEP's proposed renewable projects (and ask that my comment be docketed in Case No. 18-0501-EL-FOR). We need the jobs that these projects will bring to our communities, we want cleaner air and water for our families, and we want to benefit from the lower energy costs that come with renewable development.

Ohio has fallen behind neighboring states like Michigan and Indiana. You can help to change that by supporting these projects and helping Ohio to become a clean energy leader in the region.

I urge you to find that there is an urgent need for the AEP renewable energy projects and to approve them.

Sincerely,

Lisa Kummer
