Re: Clarification of February 14, 2019 Notice – Hardin Wind Energy’s GE 2.8-127 Wind Turbine Generator Pursuant to Ohio Administrative Code Rule 4906-4-08(A)(5)(c) Case No. 09-479-EL-BGN

Dear Ms. Troupe:

On February 14, 2019, Hardin Wind Energy LLC (“Hardin Wind Energy”) filed a notice regarding its General Electric (“GE”) 2.8-127 turbine model. Attachment 2 to the notice reflected the turbine numbers for which Hardin Wind Energy was considering installing the GE 2.8-127 turbine model.

Hardin Wind Energy is filing this correspondence to clarify that a smaller subset of those turbine numbers set forth in Attachment 2 are the turbines actually being considered for the installation of the GE 2.8-127 turbine model. Therefore, we are providing a Revised Attachment 2 that reflects the smaller subset of turbines.

Notice was provided to each of the adjacent landowners in accordance with O.A.C. Rule 4906-4-08(A)(5)(c). As was stated in the February 14, 2019 correspondence, to the extent a concern is raised by a landowner regarding the installation of such turbine model immediately adjacent to his/her property, this specific turbine will not be placed at that location.

We are available to answer any questions you may have.

Respectfully submitted,

/s/ Christine M.T. Pirik
