Subject: Comment on Case No. 18-0501-EL-FOR for Renewable Energy
Date: Tuesday, February 26, 2019 9:43:36 PM

Dear PUCO Docketing Division,

Because I care about the world that my children will live in.

I am writing to urge you to support AEP's proposed renewable projects (and ask that my comment be docketed in Case No. 18-0501-EL-FOR). We need the jobs that these projects will bring to our communities, we want cleaner air and water for our families, and we want to benefit from the lower energy costs that come with renewable development.

Ohio has fallen behind neighboring states like Michigan and Indiana. You can help to change that by supporting these projects and helping Ohio to become a clean energy leader in the region.

I urge you to find that there is an urgent need for the AEP renewable energy projects and to approve them.

Sincerely,

Melissa Meyer

Subject: Comment on Case No. 18-0501-EL-FOR for Renewable Energy
Date: Wednesday, February 27, 2019 11:08:58 AM

Dear PUCO Docketing Division,

Cleveland and Cincinnati are both committed to using 100% renewable energy. Several other Ohio cities are considering the same commitment. They need to be able to get that energy from within Ohio. Otherwise our money will be going out of state. The citizens of Ohio support renewable energy by over 70%. Even a majority of Republicans support renewable energy. Finally, we must transition our energy system to renewable energy in order to have a livable planet. Science says that. We NEED renewable energy. The rest of the world is transitioning to renewable energy. AEP sees that. They must be allowed to build utility scale solar or it will hurt them as a company, all Ohio residents, and the entire planet.

I am writing to urge you to support AEP's proposed renewable projects (and ask that my comment be docketed in Case No. 18-0501-EL-FOR). We need the jobs that these projects will bring to our communities, we want cleaner air and water for our families, and we want to benefit from the lower energy costs that come with renewable development.

Dear PUCO Docketing Division,

I am one of many employees that lost their jobs when the power plants closed. It was time for the dirty plants to close and now it's time to get the cleaner renewable energy in place and bring new jobs with it!!

I am writing to urge you to support AEP's proposed renewable projects (and ask that my comment be docketed in Case No. 18-0501-EL-FOR). We need the jobs that these projects will bring to our communities, we want cleaner air and water for our families, and we want to benefit from the lower energy costs that come with renewable development.

Dear PUCO Docketing Division,

Please strengthen the community I grew up in by adding jobs and providing tax money for our schools. Ohio has a great opportunity to be a leader in renewable energy and with your approval it will become a reality. Thank you for your consideration.
