**DOCKETING CASE #: 18-0501-EL-FOR and 18-1392-EL-RDR;**

**SUBJECT:** AEP Renewable Energy generation request

Ohio needs renewable energy. It's clean, it's more affordable than fossil fuels, it's morally correct since we have a climate crisis due to burning fossil fuels. Around America, other states are taking steps to transition to renewable energy. Ohio is being left behind by legislative design. The cheapest fuels in America now are wind and solar. Ohioans deserve to benefit from these lower prices as well as the clean air, soil, and water that renewable energy brings. Approve AEP's plan for generation of 900mw of Renewable energy. Ohio needs it.

Please docket the above comments in the case number above.

Sincerely,

**Leslie Carter**
