To whom it may concern:

All thinking Americans are urging you to end, before it begins, the Icebreaker wind development.

It is a travesty.

It will destroy tourism on Lake Erie.

It will interfere with military pilots who practice low level maneuvers.

It will treble or quadruple the cost of electric power to people who can barely afford to pay their power bills now.

It will force the American government to pay hard earned taxpayer monies in subsidies to foreign producers of wind turbines.

For all these reasons, and many more,

**STOP ICEBREAKER NOW!**

Respectfully,

Marshall Rosenthal

Ms Mertz

I am writing to ask you to oppose the Windmill project prosed in Lake Erie off Rocky River. Not only would this project be an environmental disaster, it would violate the Public Trust for future generations. The only true beneficiary would be the foreign billionaire and company who are the developers of the project. PLEASE OPPOSE THIS PROJECT.

Thank you for your consideration,

Donald Strang,
