of 132. The preschool is continuing to see an increase of referrals for evaluation. There are currently 20 children in evaluation and six in screening, for a total of 26 potential students.

According to Barnett, this may lead to the necessity of an extra classroom. Shawn Hoff, Assistant to the Superintendent, has been asking county superintendents to keep them in mind and search for room in their districts.

ESC also held its

hours. Staff is already having to make up time.

He also reported on Professional Development days the ESC has been hosting for area administrators.

The next Educational Service Center Board of Education meeting will be held on Wednesday, March 27 at 5:30 p.m. in the Educational Service Center.

Florida; his aunt Judy Steineck of Eaton, two special nephews, Jason Lay and Morgan Eby, both of Camden and spiritual brother, Bob Spittler of Eaton.

A memorial service will be held at a later date.

"My beloved son, gone from sight, forever in our hearts."

NOTICE OF PROPOSED MAJOR UTILITY FACILITY

Angelina Solar I, LLC ("Angelina") is proposing to develop, build, and operate the Angelina Solar Farm, a 80 megawatt solar-powered electric generation facility to be located in Preble County, Ohio.

The proposed Angelina Solar Farm will be located in Israel and Dixon Townships in Preble County, approximately 30 miles southwest of Dayton, as shown in the map below. The general purpose of this project is to use large arrays of ground-mounted photovoltaic ("PV") modules, commonly known as solar panels, to generate clean and renewable electricity for consumers in Southwestern Ohio. It will supply wholesale power to the 138-kilovolt ("kV") College Corner Substation ("POI substation"), which is owned and operated by American Electric Power. The POI substation is located just west of the Ohio-Indiana border near the intersection of East Greenwood Church Road and State Line Road. The Angelina Solar Farm will be located within an area of approximately 827 acres.

The Angelina Solar Farm solar panels will generate direct electric current which will be converted to alternating electric current. The electricity will be gathered by a means of a network of buried wires at a project-level electric substation. The substation then will increase the voltage and deliver the power through a short transmission line to the POI substation.

Angelina Solar I, LLC has filed with the Ohio Power Siting Board (Board or Power Siting Board) an application for a Certificate of Environmental Compatibility and Public Need to construct the Angelina Solar Farm in Case No. 18-1579-EL-BGN, which is now pending before the Board. Copies of the Application were served upon the Preble County Board of Commissioners, Dixon Township Board of Trustees, Israel Township Board of Trustees, Preble County Planning Commission, Preble County Engineer, and Preble County Soil and Water Conservation District. A copy of the Application was also provided to and is available for public review at the Preble County Library in Eaton. The Application is also available from Angelina's website at <https://www.angelinasolar.com/> as well as from the Board at <https://www.opsb.ohio.gov/> or by calling 1-866-270-6772.

The Board follows the following criteria for reviewing an application for a major utility facility:

- (1) The basis of the need for the facility if the facility is an electric transmission line or gas pipeline;
- (2) The nature of the probable environmental impact;
- (3) That the facility represents the minimum adverse environmental impact, considering the state of available technology and the nature and economics of the various alternatives, and other pertinent considerations;
- (4) In the case of an electric transmission line or generating facility, that the facility is consistent with regional plans for expansion of the electric power grid of the electric systems serving this state and interconnected utility systems and that the facility will serve the interests of electric system economy and reliability;
- (5) That the facility will comply with Chapters 3704., 3734., and 6111. of the Revised Code and all rules and standards adopted under those chapters and under sections 1501.33, 1501.34, and 4561.32 of the Revised Code. In determining whether the facility will comply with all rules and standards adopted under section 4561.32 of the Revised Code, the board shall consult with the office of aviation of the division of multi-modal planning and programs of the department of transportation under section 4561.341 of the Revised Code.
- (6) That the facility will serve the public interest, convenience, and necessity;
- (7) In addition to the provisions contained in divisions (A)(1) to (6) of this section and rules adopted under those divisions, what its impact will be on the viability as agricultural land of any land in an existing agricultural district established under Chapter 929. of the Revised Code that is located within the site and alternative site of the proposed major utility facility. Rules adopted to evaluate impact under division (A)(7) of this section shall not require the compilation, creation, submission, or production of any information, document, or other data pertaining to land not located within the site and alternative site.
- (8) That the facility incorporates maximum feasible water conservation practices as determined by the board, considering available technology and the nature and economics of the various alternatives.

The public will be given an opportunity to comment on the proposed Facility. The public hearing for this proceeding shall consist of two parts:

1. A local public hearing, pursuant to R.C. 4906.08(C), where the Board shall accept written or oral testimony from any person on April 30, 2019, at 6:00 p.m., Eaton Fire Division Station #2, 391 West Lexington Road, Eaton, Ohio 45320.
2. An evidentiary hearing commencing on May 14, 2019, at 10:00 a.m., in Hearing Room 11-D at the offices of the Public Utilities Commission of Ohio, 180 East Broad Street, Columbus, Ohio 43215-3793.

Petitions to intervene in the adjudicatory hearing will be accepted by the Board up to 30 days following service of the notice required by R.C. 4906.06(C) and Ohio Adm. Code 4606-3-09, or March 29, 2019, whichever is later. However, the Board strongly encourages interested persons who wish to intervene in the adjudicatory hearing to file their petitions as soon as possible. Petitions should be addressed to Docketing Division, the Ohio Power Siting Board, 180 East Broad Street, Columbus, Ohio 43215-3793 and cite the above-listed case number.

NEWS BRIEFS

BOE meeting set March 5

The Preble County Board of Elections will conduct a reorganizational and regular business meeting on Tuesday, March 5, at 1:30 p.m. in the Board's office at 101 E. Main St., Eaton.

SWCD group to meet

The Preble Soil and Water Conservation District Records Commission will hold a meeting on Wednesday, March 13, at 8 a.m. at the Preble SWCD Office, 1651 N. Barron St., Eaton, OH

45320. The purpose of this meeting will be to update the District's Records Retention Schedule in accordance with Ohio Law. This meeting will be open to the public. For more information, please contact Preble SWCD at 937-456-5159.

Parks meeting changed

The March meeting of the Preble County Park District has been postponed until Friday, March 15, at 9 a.m. in the Eaton City Building on Maple St. The public is welcome to attend. For more information call 937-962-5561 or email sectreas@preble-countyparkdistrict.org.

countyparkdistrict.org.

Outreach forum set

Preble Shawnee Local Schools will be hosting a Community Outreach Forum on Wednesday, March 20, at 6 p.m. in the Jr./Sr. High School auditorium. This meeting is to report on the progress made by the Community Advisory Team (CAT), communicate facility options, solicit feedback, and answer questions. This is a critical meeting and the district is asking all stakeholders to attend.

GED classes offered

The MVCTC Aspire Program continues to offer GED classes in Preble County on Monday and Wednesdays. Monday morning classes are from 9 a.m.-1:30 p.m. Evening classes are from 5:30-8:30 p.m. Attendees can earn their high school diploma and jump-start their careers. Classes are held in the Preble County Learning Center (formerly Sinclair Community College) located at 450 Washington-Jackson Rd., Eaton. For morning class information, contact instructor Patty Emerson at pemerson@mvctc.com or call 937-854-6287, or for evening class information, contact Cara Anderson at caranderson@mvctc.com. New student orientations are held the first Tuesday of each month, from 9 a.m. or at 5:30 p.m. All classes are free.
