The Great Lakes are one of the wonders of the world and enjoyed by millions. Would Arizona, Nevada or Utah approve wind turbines for their portion of the Grand Canyon? Would Montana approve turbines for Yellowstone? Would California approve wind turbines for Yosemite? Why in the world would anyone approve wind turbines for a Great Lake....our Great Lake. Come on OPSB and governor DeWine, take a step back and see the big picture. We have one of the wonders of the world and all the many benefits that go with it. This is a no-brainer. Do you really want your fingerprints on this? Please, we urge you – DO NOT APPROVE the permit!!!
