LIST OF ISSUES

Pursuant to the Administrative Law Judge's Entry of February 14, 2019, each party must file a list of issues citing specific concerns about which they may be interested in pursuing cross-examination of witnesses at the evidentiary hearing. At this time, based on the existing case record and the Ohio Power Siting Board's criteria for a certificate application, the Preble Soil & Water Conservation District has no issues about which it may be interested in pursuing cross-examination of witnesses at the evidentiary hearing. If additional issues arise as the case record is supplemented and intervenor witnesses are identified, the Preble Soil & Water Conservation District respectfully reserves the right to address these issues.
