## MEMORANDUM OF SUPPORT

On April 27, 2017, Clearview was issued a certificate as a Competitive Retail Natural Gas Service ('CRNGS') marketer in Case No. 17-0343-GA-CRS. Clearview was issued a revised certificate in the same case on October 5, 2017, Certificate Number 17-601G(1). The revised certificate expired on April 26, 2019, and Clearview was unable to apply for renewal of the certificate by that deadline. Pursuant to OAC Rule 4901:1-27-04, any CRNGS marketer, within sixty (60) days of its certificate's expiration, may request to extend its previous certificate during the pendency of the review of its new Application. Further, that request shall be deemed automatically approved if filed in conformance with OAC Rules 4901:1-27-07.

Clearview's Motion is filed in conformance with the Commission Rules, specifically OAC Rule 4901:1-27-07. Further, only ten (10) days have elapsed since Clearview's previous certificate expired (April 26, 2019), so Clearview is well within the sixty (60) day time period allowed for such a request. For all of the foregoing reasons, Clearview respectfully requests that its Certificate Number 17-601G(1) be extended during the pendency of the review of its new Application.

Respectfully submitted,

Christopher L. Miller (0063259)
