ABOUT THE PROGRAM

What is an Electric Aggregation Program?

Aggregation is an opportunity for cities, townships and counties to negotiate competitive electric supply prices and provide budget stability for their residents and small businesses.

First, residents must vote to give their city officials the ability to negotiate electric prices for their community. Once a referendum is passed, cities are able to aggregate and elected officials can work with alternative energy suppliers to negotiate competitive electric prices.

In 2010, Ontario voters authorized the City to form an aggregation program.

How can I get more information about the City of Ontario Aggregation <https://www.dynergy.com/municipal-aggregation/communities-we-serve/Ohio/Ontario>

How was Dynergy chosen as the supplier?

The City of Ontario implemented a formal process where proposals from multiple suppliers were submitted for consideration. Dynergy was ultimately selected by the City.

ELIGIBILITY AND ENROLLMENT

Who is eligible to participate?

Residential and small business customers located in the City of Ontario may participate. Customers enrolled in PIPP (Percentage of Income Plan) are not eligible. If you are served by an alternative retail supplier you will not be included in the initial program; however, you can call to be enrolled.

How do I enroll?

It's simple. It's automatic. Unless you "opt-out" of the program, all eligible customer accounts within the City of Ontario boundaries will be enrolled in the program as long as they are not participating in one of the programs mentioned above. You will receive a "switch" letter from Ohio Edison, confirming your enrollment.

Do I have to participate in the program?

All eligible Ohio Edison customers within the City of Ontario will receive an opt-out notification letter via U.S. mail. You may "opt-out" by returning the Opt-Out card by the deadline date identified in your notification. If you choose to opt-out, your account remains with Ohio Edison at their current utility rate.

If I don't want to be a part of the program, why do I have to opt-out?

The voters authorized the City of Ontario to develop an aggregation program where each resident and small business is automatically enrolled. Therefore, if you prefer not to participate, you must opt out of the program.

What if I decide to opt-out after the deadline?

You may opt out at any time by notifying us via telephone, email, or mail. There is no cancellation fee.

RATE AND TERM INFORMATION

What are the Rates & Terms for this Program?

The price for electricity will be 4.99¢ per kWh and will remain the same through your July 2022 meter read date. Customers who are enrolled in the program should see the changes on their monthly electric bill 45 to 60 days after enrollment.

What if Ohio Edison's rates decrease?

If at any time during the term of this Agreement Ohio Edison's rates fall lower than the Dynergy price, you will have the option to return to the utility without penalty.

What happens at the end of the Agreement term?

At the end of the Agreement term, as defined in the Terms and Conditions you have the option of staying with a new City of Ontario Aggregation program, returning to Ohio Edison, or signing with a new supplier independent of the City's Aggregation program.

BILLING AND SERVICE

Who will bill me for electricity? Will I get two bills?

You will continue to receive one monthly bill from Ohio Edison. The bill will include the charges for electricity supplied by Dynergy, as well as the delivery service charges from Ohio Edison.

Can I still have my payment automatically deducted from my checking account?

Yes, how you pay your bill will not change.

Can I stay on budget billing?

Yes, your budget billing will not be affected by your participation in this program.

Who is responsible for the delivery of power to my home or business?

Ohio Edison will continue to deliver your electricity and will be responsible for maintaining the system that delivers power into your home. As your energy delivery company, they will continue to respond around-the-clock to outages, service calls and emergencies regardless of your electric supplier.

Who do I call to report a power outage or problems with my electric service?

You will continue to call Ohio Edison at 800.543.5599 for power outages, problems with your service or questions regarding your monthly bill.

Who do I call if I have questions regarding the City of Ontario Electricity Aggregation Program?

Dynergy at 888-682-2170 or
