Dear Docket Submission Ohio Public Siting Board,

As a resident of the area surrounding the Emerson Creek Wind project (Docket No. 18-1607-EL-BGN, Emerson Creek), I want to encourage you to award a permit to this project.

Over the last several years, I've participated in public discussions regarding the project and directly interacted with the developer, Apex Clean Energy.

Apex has been accessible and responsive to questions and feedback. They have been very engaged with members of the community and are committed to protecting our legacy. As I've talked to my fellow residents, I see broad support for Emerson Creek Wind. I recognize there are some in the county who do not want wind projects. Fortunately, no one is telling them they must put a turbine on their property.

The economic, community, infrastructure, and health benefits that would result from this project are hardly debatable. For these reasons I urge you to support Emerson Creek Wind.

Regards,  
Clifford Martin  
1043 W Townline Rd 12  
North Fairfield, OH 44855 ||

**Subject:** 18-1607-EL-BGN. Emerson Creek Wind Farm

I wrote you about a month ago stating I was against this project. I am still against this project and feel I need to say it again and again.

If wind farms are so great then why were they kept a secret? I understand they have been in the area talking to large landowners for many years but I never heard anything about them until last November.

We already have 2 nuclear power plants that have proven to be a clean energy provider. Wind farms will not ever be able to provide 100 per cent of our energy needs so alternative means will always be needed. That being the case, I would rather see my tax dollars be used for something proven verses wind farms.

Apex claims wind energy delivered over 30 per cent of the electricity produced in Iowa and South Dakota in 2016. That makes sense for the plains area but it doesn't for Ohio.

I also think their argument that cats kill more birds than turbines is laughable. How can they possibly quantify that?!

When I attended a public meeting I asked their so-called expert about any effect to the ducks and geese that land in the corn fields at night to roost and feed. Their response was they knew nothing about that. What kind of experts were they using!?

I could go on and on about my reasons for being against the wind turbines but then this email would be too long to be read.

Please do not approve this project. Why does Ohio need wind energy when we have a proven source of clean energy already in nuclear power. Resolve the issues there first. Much more research needs to be done on wind turbines.

Thanks for listening.

Irene Mentall

We, the residents of Erie County ask that the Erie County Commissioners support the interests of the residents of Erie County by:

- 1) Keeping Erie County Alternative Energy Zone (AEZ) free.
- 2) Not granting a Payment In Lieu Of Taxes (PILOT) to APEX/Firelands Wind LLC
- 3) Intervening against the Emerson Creek Wind Project in any certification proceeding before the Ohio Power Siting Board.

We, the residents Huron County Ohio ask that the Huron County Commissioners support the interests of the residents of Huron County by:

- 1) Keeping Huron County Alternative Energy Zone (AEZ) free.
- 2) Not granting a Payment In Lieu Of Taxes (PILOT) to APEX/Firelands Wind LLC
- 3) Intervening against the Emerson Creek Wind Project in any certification proceeding before the Ohio Power Siting Board.
