**Re: Guernsey Power Station, LLC,  
OPSB Case No. 16-2443-EL-BGN**

Dear Ms. Troupe:

The October 5, 2017, Opinion, Order, and Certificate ("Certificate") approving Guernsey Power Station, LLC ("GPS") Certificate of Environmental Compatibility and Public Need to Construct the Guernsey Power Station approved the Stipulation which set forth a set of conditions as part of the Certificate.

Within this set of conditions, **Condition No. 10** requires that GPS submits a letter confirming that it has a signed Interconnection Service Agreement with PJM ("ISA"). Attached is the relevant excerpt of the May 10, 2019 ruling by the Federal Energy Regulatory Commission that the GPS ISA is "accepted, effective May 13, 2019." Docker No. ER19-603-001.

As a result, GPS is in compliance with Condition No. 10.

If you have any questions please call at the number listed above.

Sincerely,

Dylan F. Borchers

defective equipment,<sup>147</sup> we note that Section 6.2 of Appendix 2 to the ICSA requires Guernsey to transfer all equipment manufacturers' warranties to AEP Ohio.

67. Regarding AEP Ohio's *Ameren* argument, we find the holding in that case inapplicable here. PJM's Tariff does not include a generator up-front funding option like was at issue in *Ameren*, pursuant to which the transmission owner constructs, owns, and operates network upgrades that are funded by the interconnecting generator prior to construction.<sup>148</sup> As the Commission explained in Order No. 845-A, "the concerns identified in *Ameren* pertain solely to unique features of MISO's tariff and precedent that applies in MISO."<sup>149</sup>

68. Finally, we reject Mr. Albertson's arguments regarding global climate change, ocean acidification and other environmental factors as beyond the scope of this proceeding.

The Commission orders:

(A) The unexecuted Guernsey ISA and ICSA are accepted, effective May 13, 2019, as requested, subject to revisions, as discussed in the body of this order.

(B) PJM is hereby directed to refile the Guernsey ICSA to incorporate the new indemnification paragraph in Schedule M and to revise Section 3.2.3.8 of Appendix 2 to the ICSA within 30 days from the date of this order, as discussed in the body of this order.

By the Commission. Commissioner McNamee is not participating.

Kimberly D. Bose,  
Secretary.
