**Certificate of Environmental Compatibility and Public Need ("Certificate")**  
**Wood County 138-kV Reinforcement Project**  
**Case No. 18-1335-EL-BTX**

Dear Ms. McNeal:

Pursuant to the Order issued on May 23, 2019, please find attached an affidavit and copy of the public notice run in the Bowling Green Sentinel on May 30, 2019 notifying the public of the cancellation of the public hearing previously scheduled in this matter. Further, also attached is a copy of the notice that was posted at the Ohio Department of Transportation – District 2 on June 12, 2019 informing the public of the cancellation of the public hearing.

Finally, please take notice that ATSI provided written notice of the cancellation of the public hearing to those addresses listed in the attached Exhibits 1 and 2. Copies of the notice letters to public officials, the local library and property owners are also attached.

Should the Ohio Power Siting Board desire further information or discussion of this submittal, please contact me at 330-384-2526.

Sincerely,

Scott M. Humphrys

## Universe

From page 1

kids will earn raffle tickets for prizes. They may also cast their votes for one of three local not-for-profit organizations to receive a cash donation at summer's end.

The kickoff party will feature games, crafts and refreshments. Sign-up for the Summer Reading Club begins at the event.

For more information, call 419-374-3135. To see a complete lineup of summer activities visit waylibrary.info

The Pemberville Public Library System has summer reading programs for babies, chil-

dren, tweens, teens and adults. Children do not have to be able to read to participate. When the child is read to, it counts the same as if they read the book themselves.

Kick off summer with an in-library picnic at Pemberville library featuring musician Matthew Keeler on June 6. This summer, kids will launch their own astronauts and rockets and make space slime, moon rocks and galaxy art. Explore the universe with special guests like Imagination Station, the Armstrong Air & Space Museum, the OSU Astronomy Department and Wood County Park District. There will be drop-by programs like life-size Rockets and

Comets (Chutes and Ladders), Building the Lego Planet, a Shooting Star Challenge course and a Space Scavenger Hunt. Weekly programs include family and lapset storytimes. Out-of-library programs include a story trail and an Independence Day Bike Parade. The splash-dragon finale celebration will feature space games and sundae building.

Registration is now open for Wayne Public Library's summer reading program A Universe of Stories.

Spots are available for weekly groups: Tuesdays at 1 p.m. for children aged 4-kindergarten and Thursdays at 1 p.m. for children in first-fifth grades. Registration is

required, space is limited and spots fill up fast. Visit [www.waynepl.org](http://www.waynepl.org) for more information and registration forms.

On June 24 at 10 p.m. at the Wayne Park on the south side by the water tower the library will be joined by the Toledo Astronomical Association for a Star Party (weather permitting, rain or cloud cover cancels). This event is open to all and no registration is required. Some telescopes will be available but bring your own, too. Bring blankets and chairs.

On July 27 at 11 a.m. Reed Steele will visit with his Masks, Mime and Imagination for a finale to summer reading activities.

Starting June 10, pick up a Space Race Card at the library to play along in the Wayne Space Race game. This game takes place out in the community and each local business listed represents a planet in the solar system. Connect on Facebook and post pictures with #waynespace to show progress. Turn in completed cards to the library for a drawing that will take place July 27.

Young adults and adults (fifth grade and up who are not participating

in the weekly summer reading program) may earn one ticket for each item (book or magazine) checked out. These tickets will be entered into a weekly drawing for a \$25 Walmart gift card. Six will be given away in total. There is no limit to how many times to enter each week. Entry tickets are thrown away after a winner is drawn each week. This program starts on June 10.

Read 25 and pick a prize. This at-home program is for kids in kindergarten-fifth grade who cannot sign up for weekly programming. Books may be read to the child or by the child, but must be checked out from the Wayne library. Save checkout slips and turn them in for a prize. Have really young children? Sign-up to join the 1000 Books Before Kindergarten program. For every 100 books read the child receives a prize and when they reach 1,000 they receive an even larger prize.

The Weston Public Library and Grand Rapids Branch Library will have space activities and out of this world fun from June 3-July 28 for youth ages 5-17.

In addition to the libraries, there are also

activities planned for Lusher and Centennial parks. The bookmobile will also stop in the area.

Some regular features are kids movies at Weston at 1 p.m. on Fridays and storytimes at Weston on Mondays at 10 a.m. and 1 p.m.

Laura Ingalls Wilder enthusiast Judy Green will bring the Little House stories to life and the Page Turner Book Club will meet.

North Baltimore Public Library launches its annual Summer Reading program on Monday. Children, teens and adults can visit the library to register through July 13.

Signing up and completing reading challenges will earn participants entry into the grand prize drawing. As part of the library's 100th birthday celebration, a special family-friendly event will be held on Wednesday from 5:30-7 p.m. to honor Ruth Jane Roberts for whom the children's collection is named.

Bounce houses, balloons, activities and treats will be open to all ages in the library's back parking lot. Stop by the library or visit [nphlibrary.org](http://nphlibrary.org) for more information.

## Talking

From page 1

He is working on a bill to restrict robo calls. He said that the calls are so pervasive — with an estimated 50 billion of them made last year — that committee members received robo calls on their cell phones while hearings were in progress.

The committee is working on an opt-out provision, instead of an opt-in provision, for blocking the calls. It would require authentication methods. Latta is also actively involved in a number of issues related to self-driving cars.

"Safety first, safety last and safety always," he said, as he outlined the primary issues related to the vehicles.

Helping with mobility issues, especially for seniors and those with disabilities, are part of his push for the concept. However, Latta is also pushing for consistent automation technology platforms for the vehicles between states, so individuals do not have to drop the driving method as they cross state lines.

Roger LaPointe / Sentinel-Tribune  
Chancellor Randy Gardner, left, answers questions about education at the Bowling Green Chamber of Commerce Annual Legislative Update for 2019 Friday morning, as Ohio Rep. Haraz Ghanbari, R-Bowling Green, waits to respond with an update on activities at the House of Representatives.

Bringing broadband technology to rural communities is another issue he is working on.

"We don't want kids having to go to McDonald's to get broadband," Latta said.

Gavronne also talked about technology dealing with cyber security and election security. Some of her legislation has recently passed the Senate unanimously and has moved into House discussions.

"We want to create a cyber security reserve that's housed under the adjutant general's office that has trained volunteers who are background checked and ready to go in the event of a cyber attack, if the governor declares an emergency," Gavronne said.

The reserve would be deployed to help a business or government entity that is under attack. It would also require audits of elections.

She has also has legislation to address drug traffickers who target rehab clinics and halfway houses, which she said originated with discus-

sions she had with Wood County Prosecutor Paul Dobson.

Another piece she spoke on was school bus safety, for which she referenced recent accidents in the Eastwood and Archbold school districts.

"All three of my kids rode school buses. You put them on a bus and you just figure they are going to be safe. They're going to get there safely and they are going to get home safely, and that is just not always the case anymore," Gavronne said.

The legislation would name August as a school bus safety awareness month, to bring added education to the public on how traffic should work around the buses. It would also institute a pilot program for installing safety cameras on the buses, while increasing penalties against drivers who are caught violating the laws.

Gavronne also has bills addressing additional funding for a cleaner Lake Erie, hospital bed usage for mental illness, and a savings program for first time home buyers.

# **NOTICE OF CANCELLATION OF PUBLIC HEARING HEARING TO BE RESCHEDULED**

Re: OPSB Case No. 18-1335-EL-BTX, Application to the Ohio Power Siting Board for a Certificate of Environmental Compatibility and Public Need For the Wood County 138 kV Reinforcement Project (“Project”)

American Transmission Systems, Incorporated (“ATSI”), a FirstEnergy company, has an Application for the Wood County 138 kV Reinforcement Project (“Project”) pending before the Ohio Power Siting Board (OPSB) for a Certificate of Environmental Compatibility and Public Need (Case Number 18-1335-EL-BTX).

Please take notice that the local public hearing scheduled to take place June 13, 2019, at 6:00 p.m., at the Ohio Department of Transportation - District 2, 317 East Poe Road, Bowling Green, Ohio 43402 has been cancelled by Board. This was done to allow ATSI time to provide additional information to the Board. The local public hearing will be rescheduled, and further notice of the hearing time, date and location will be provided to the public.

Please reach out directly to [transmissionprojects@firstenergycorp.com](mailto:transmissionprojects@firstenergycorp.com) or contact us at 1-800-589-2837 with any questions.

Re: OPSB Case No. 18-1335-EL-BTX, Application to the Ohio Power Siting Board for a Certificate of Environmental Compatibility and Public Need For the Wood County 138 kV Reinforcement Project ("Project")

Dear Dr. Theodore Bowlus,

As you know, American Transmission Systems, Incorporated (ATSI), a FirstEnergy company, has proposed to construct the Wood County 138 kV Reinforcement Project ("Project"), a new major utility facility, in an Application submitted to the Ohio Power Siting Board ("Board"). At this time, ATSI would like to let you know that the Board has cancelled the local public hearing scheduled for June 13, 2019 at 6:00 p.m., at the Ohio Department of Transportation - District 2, 317 East Poe Road, Bowling Green, Ohio 43402. This public hearing will be rescheduled, but is being cancelled to allow ATSI adequate time to provide additional information to the Board. Once the hearing is rescheduled, we will make sure to provide you with notice of the time, date and location of the rescheduled hearing.

Please feel free to reach out directly to [transmissionprojects@firstenergycorp.com](mailto:transmissionprojects@firstenergycorp.com) or contact us at 1-800-589-2837 with any questions pertaining to this notice.

Sincerely,

Scott M. Humphrys

Re: OPSB Case No. 18-1335-EL-BTX, Application to the Ohio Power Siting Board for a Certificate of Environmental Compatibility and Public Need For the Wood County 138 kV Reinforcement Project ("Project")

Dear Mr. Fred Vetter,

As you know, American Transmission Systems, Incorporated (ATSI), a FirstEnergy company, has proposed to construct the Wood County 138 kV Reinforcement Project ("Project"), a new major utility facility, in an Application submitted to the Ohio Power Siting Board ("Board"). At this time, ATSI would like to let you know that the Board has cancelled the local public hearing scheduled for June 13, 2019 at 6:00 p.m., at the Ohio Department of Transportation - District 2, 317 East Poe Road, Bowling Green, Ohio 43402. This public hearing will be rescheduled, but is being cancelled to allow ATSI adequate time to provide additional information to the Board. Once the hearing is rescheduled, we will make sure to provide you with notice of the time, date and location of the rescheduled hearing.

Please feel free to reach out directly to [transmissionprojects@firstenergycorp.com](mailto:transmissionprojects@firstenergycorp.com) or contact us at 1-800-589-2837 with any questions pertaining to this notice.

Sincerely,

Scott M. Humphrys

Re: OPSB Case No. 18-1335-EL-BTX, Application to the Ohio Power Siting Board  
for a Certificate of Environmental Compatibility and Public Need For the Wood  
County 138 kV Reinforcement Project ("Project")

Dear Property Owner,

As you know, American Transmission Systems, Incorporated (ATSI), a FirstEnergy company, has proposed to construct the Wood County 138 kV Reinforcement Project ("Project"), a new major utility facility, in an Application submitted to the Ohio Power Siting Board ("Board"). At this time, ATSI would like to let you know that the Board has cancelled the local public hearing scheduled for June 13, 2019 at 6:00 p.m., at the Ohio Department of Transportation - District 2, 317 East Poe Road, Bowling Green, Ohio 43402. This public hearing will be rescheduled, but is being cancelled to allow ATSI adequate time to provide additional information to the Board. Once the hearing is rescheduled, we will make sure to provide you with notice of the time, date and location of the rescheduled hearing.

Please feel free to reach out directly to [transmissionprojects@firstenergycorp.com](mailto:transmissionprojects@firstenergycorp.com) or contact us at 1-800-589-2837 with any questions pertaining to this notice.

Sincerely,

A handwritten signature in black ink, appearing to read 'SMH', with a long horizontal flourish extending to the right.

Scott M. Humphrys  
Transmission Siting Supervisor  
Energy Delivery Transmission and Substation Design
