Subject: Project Update – SR 741/Bethany Rd, Mason, Warren County, Ohio  
Upgrade to Lights & Gates – Case# 15-1080-RR-FED

Reference: Agency ID: SR 741/Bethany Rd  
AAR/DOT#: 525227V SR 741/525228C Bethany Rd

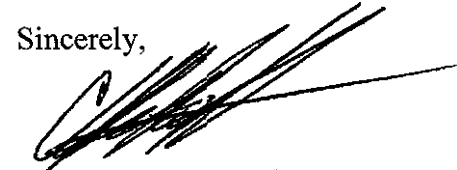

PUCO Docketing Division:

The Indiana & Ohio Railway Company (IORY) is submitting the following update for the above referenced project as a follow up to the traffic preemption issues.

The railroad has changed the shunt enhancement from the designed Genesis Shunt Augmenter to a 2TC and Choke to try and stabilize the system while meeting the pre-emption requirements. Due to the low train traffic across the IORY Mason Subdivision, the railroad is still awaiting enough data points to ensure the appropriate pre-emption is functioning as intended. Once this is verified, we will resend the data files for your review.

Please feel free to contact me at (614) 479-1716 if you have any questions regarding this submission.

Sincerely,

  
Christopher R. Frank  
AVP Engineering  
Genesee Railroad Services Inc.
