**Re: Case Nos. 09-479-EL-BGN, 11-3446-EL-BGA, 16-469-EL-BGA,
and 16-2404-EL-BGA**

In the Matter of the Application of Hardin Wind Energy LLC for a Certificate of Environmental Compatibility and Public Need for the Hardin Wind Farm.

**Phase 3 – Compliance with Condition 57(a), Case No. 09-479-EL-BGN –
Final Engineering Drawings – Updated Coordinates**

Dear Ms. Troupe:

Hardin Wind Energy LLC (“Applicant”) is certified to construct a wind-powered electric generation facility in Hardin County, Ohio, in accordance with the orders issued by the Ohio Power Siting Board (“OPSB”) in the above-referenced cases.

The Applicant is currently preparing to begin Phase 3 of the project, which will entail construction of the access roads and turbine foundations that were not included in Phases 1 and 2.

On June 17, 2019, the Applicant submitted the Final Engineering Drawings for Phase 3. Through an inadvertent error, the chart containing the turbine coordinates, which was included in that filing, did not contain the entire number for the coordinates. Therefore, the Applicant is filing this update to correct this oversight in the chart. With the exception of the updated chart, the contents of the document filed on June 17, 2019, remain the same. This document is being provided in compliance with Condition 57(a) of OPSB’s March 22, 2010 Order in Case No. 09-479-EL-BGN.

We are available, at your convenience, to answer any questions you may have.

Respectfully submitted,

/s/ Christine M.T. Pirik
