In those instances where a main is being extended or upgraded in connection with an economic development project approved by the Public Utilities Commission of Ohio under Section 4929.163 of the Ohio Revised Code, any deposit required may be funded, in whole or in part, by dollars recovered by the Infrastructure Development Rider ("IDR"). Costs and revenues associated with IDR-related extensions or upgrades shall be treated as required by order of the Commission in Case No. 19-1162-GA-IDR and any subsequent cases. In circumstances where an IDR-funded mainline enables Company to provide service to a subsequent, additional customer, Company will credit incremental revenues to amounts being recovered through the IDR by way of a subsequent rate adjustment. Incremental revenues shall comprise revenues that are in excess of the revenue needed to cover the costs of any capital investment required to serve such incremental load. Incremental revenues credited to the IDR shall not exceed the portion of the project costs previously recovered through the IDR.
