"Company History," provide a concise description of the applicant's company history and principal business interests.

Applicant, a Nevada limited liability company, is owned by Crius Energy, LLC ("Crius") which, in addition to owning Applicant, also owns twelve (12) wholly owned subsidiaries engaging in energy sales: (1) Public Power, LLC (CT); (2) Public Power, LLC (PA); (3) Everyday Energy NJ, LLC; (4) Public Power & Utility of Maryland, LLC; (5) Viridian Energy PA LLC; (6) TriEagle Energy, LP; (7) Big Sky Gas LLC; (8) Viridian Network, LLC; (9) Viridian Energy LLC; (10) Cincinnati Bell Energy, LLC; (11) Viridian Energy NY, LLC; and (12) FairPoint Energy, LLC.

Crius was formed to effectuate a combination, through an exchange of stock, of two separate competitive retail electricity and natural gas suppliers, REH and Public Power, LLC ("Public Power"). The exchange transaction closed on September 18, 2012. As a result of the exchange transaction, Crius became the owner of the majority interest in voting shares of REH and a majority interest in Public Power. REH's subsidiaries, and Public Power and its subsidiaries, are licensed as electricity and gas suppliers in several states. Jointly, the combined companies are licensed as competitive electricity and natural gas suppliers in sixteen states and the District of Columbia.

On April 1, 2015, Crius Energy acquired TriEagle Energy LP, a licensed supplier who provides electric service at retail in several states. Due to this acquisition, Crius Energy created two entities: TriEagle 1, LLC and TriEagle 2, LLC, both Nevada limited liability companies. TriEagle 1, LLC holds the general partnership of TriEagle Energy LP and TriEagle 2, LLC holds the limited partnership of TriEagle.

In July 2017, Crius's parent company, Crius Energy Corporation, acquired through a subsidiary U.S. Gas & Electric, Inc., an energy retail company with operating entities that provide electric and gas service in several states. Additionally, in July 2017, Crius acquired Big Sky Gas, LLC, a retail gas supplier operating in Montana.

In July 2019, Crius was acquired by Vistra Energy, traded on the New York Stock Exchange, under the ticker symbol "VST."

EXHIBIT B-2

"Experience & Plans," provide a current description of the applicant's experience and plan for contracting with customers, providing contracted services, providing billing statements, and responding to customer inquiries and complaints in accordance with Commission rules adopted pursuant to Section 4928.10 of the Revised Code.

Experience

The Vistra Energy family of brands connects with energy customers through an innovative family-of-brands strategy and multi-channel marketing approach. This unique combination creates multiple access points to a broad suite of energy products and services that make it easier for consumers to make informed decisions about their energy needs. Vistra Energy brands market energy products in 19 states and the District of Columbia with plans to continue expanding its geographic reach.

Applicant has the necessary operational and managerial capabilities to serve all customer classes, including residential, commercial, and industrial customers. The Vistra Energy management team is comprised of individuals with significant experience in wholesale and retail energy supply.

Contracting with Customers

Applicant markets its products through the traditional channels of partnerships, digital advertising, and some telemarketing for commercial customers. Applicant is not currently engaging in door-to-door sales; however, it has in the past.

Enrollment: There are three ways a potential customer can be enrolled:

- (1) **Paper Enrollment.** Potential customers can use a paper enrollment form that they fill out themselves, and it is faxed into Applicant's headquarters after which the customer receives a welcome package with copies of all the forms;
- (2) **Telephonic Enrollment.** Potential commercial customers may be solicited over the phone by Applicant's vendors and may decide to sign up over the telephone and complete a third-party verification confirming the decision to enroll; or
- (3) **Customer Care Center.** Potential customers can call Applicant's Customer Care Center. A call center representative will enroll the customer and a third-party verification will be taken after such enrollment and a welcome package sent.
- (4) **Retention Center.** Applicant makes outbound telemarketing calls to existing or former customers only for renewal or re-enrollment.

Providing Contracted Services

Applicant currently provides customers with affordable green electricity and natural gas in Ohio.

Providing Billing Statements

Applicant does not provide its own billing statements. It provides consolidated billing with the utility.

Responding to Customer Inquiries and Complaints

Applicant operates an in-house telephone customer care center to answer any questions that customers may have. When a customer calls in with a question or complaint, the customer service representative will work with them to address any issue or problem. If the customer asks to have their enrollment cancelled, the customer service representative processes it immediately.

Any complaints or questions that are not resolved by the customer care representatives are then escalated to the Compliance Department. The Compliance Investigators serve as the primary point of contact for complaint resolution. Once Applicant's Compliance Department receives a customer complaint, an Investigator contacts the complaining party and gathers all pertinent information. Applicant then works with the customer to reach a mutually agreeable resolution with the goal of achieving customer satisfaction.

Attachment B-4

Public Power LLC – Pennsylvania, Docket #M-2012-2257858 (August 2012)

Prior to Public Power becoming affiliated with Crius Energy, Public Power was investigated by the Bureau of Investigation and Enforcement of the Pennsylvania Public Utility Commission (“PUC”) for alleged unauthorized customer enrollments during July 2011. It was found that a data entry error by a third-party telemarketer acting on behalf of Public Power caused the invalid enrollments. Upon discovery of the mistake, Public Power contacted and worked cooperatively with the utility to rescind the transfers. On December 19, 2013, the PUC unanimously approved a settlement of \$64,450 plus customer refunds totaling \$22,161.68.

Public Power LLC – Connecticut, Docket #13-02-08 (February 2013)

The Public Utilities Regulatory Authority (“PURA”) investigated customer complaints that Public Power received during 2012. The vast majority of these complaints were the result of enrollments that took place before the Crius Energy management team took over management of Public Power. The purpose of the investigation was to determine whether Public Power engaged in any unfair or deceptive trade practices. PURA issued a decision, on January 20, 2016, finding that Public Power had instituted a series of protocols and policies to improve and better monitor operations and had largely complied with all applicable statutes and regulations, but imposed a penalty of \$13,000 for concerns with three customers’ third-party verifications and not keeping records of all incoming call center complaints.

Public Power LLC – Pennsylvania, Docket #M-2015-2439492 (October 2015)

When Crius Energy took over management of Public Power in January 2013, it made the decision to discontinue a legacy Public Power product (“Legacy Product”). The employee responsible for monitoring the remaining customers on the Legacy Product left his position and as a result, Crius Energy was unaware that 50 customers remained on the Legacy Product. The Bureau of Investigation and Enforcement of the Pennsylvania Public Utility Commission (“BIE”) opened an investigation to determine whether customers that had enrolled in the Legacy Product received its full benefit. During the investigation, Public Power discovered that 50 customers had not received the full benefit and proactively issued \$6,558.21 in total customer refunds. In addition, on October 21, 2015, Public Power entered into a settlement agreement of \$72,500, to resolve the matter, which was approved by the Pennsylvania Public Utility Commission on May 19, 2016.

TriEagle Energy LP – Texas, Docket #40241 (March 2012)

Prior to TriEagle becoming affiliated with Crius Energy, TriEagle received a compliance audit from the Oversight and Enforcement Division of the Public Utility Commission of Texas (“PUC”) which found that TriEagle’s online enrollment website, bill and contract

Attachment B-4

documents were missing required elements. TriEagle fully cooperated in the audit and self-reported the majority of the noted violations. On April 27, 2012, the PUCT approved a settlement agreement containing an administrative penalty of \$36,000.

TriEagle Energy LP – Texas. Docket #42783 (August 2014)

Prior to TriEagle becoming affiliated with Criss Energy, the Electric Reliability Council of Texas found that TriEagle had not retired 89 renewable energy credits prior to the March 31, 2013 deadline. TriEagle fully cooperated with the Public Utility Commission of Texas's ("PUCT") investigation and on October 3, 2014, the PUCT approved an administrative penalty of \$4,450 to address TriEagle's operational oversight.

Viridian Energy, LLC – Connecticut. Docket #09-04-15RE03 (February 2015)

In February 2015, the Public Utilities Regulatory Authority ("PURA") issued a decision noting that it had received consumer complaints alleging that 1) Viridian Energy automatically renewed customers to a fixed rate contract at the end of a previous contract without customer consent and authorization; and 2) if the consumer cancelled during the renewed contract, an early termination fee was assessed. Viridian Energy provided a response indicating that it complies with Conn. Gen. Stat. §16-245o(h)(8), which allows for auto-renewed fixed rate contracts and the assessment of early termination fees on these contracts. On August 12, 2015, PURA issued a final decision noting that Viridian Energy made a good faith effort to comply with the regulations. PURA requested that Viridian Energy refund all early termination fees where it could not pinpoint the exact date that the customer cancelled, and as a gesture of goodwill, Viridian Energy refunded all early termination fees collected from the 121 customers that had cancelled automatically renewed contracts.

Viridian Energy, LLC – Massachusetts Attorney General's Office – Civil Investigative Demand (June 2015)

On June 2, 2015, the Massachusetts Attorney General's Office ("AGO") served Viridian Energy with a Civil Investigative Demand. In March 2018, the AGO and Viridian Energy reached a settlement which took effect on May 1, 2018. The AGO believed that it had claims against Viridian Energy for the door-to-door marketing efforts it engaged in during a few months in the Fall 2014 – Spring 2015 and for the marketing of its variable rate and 3-year fixed rate product. Viridian denied all wrongdoing but in full settlement of the matter agreed to: reimburse the AGO for its costs during the investigation, make a contribution to the Massachusetts General Fund, and set up a restitution fund for consumers.

Public Power & Utility of New Jersey, LLC, TriEagle Energy LP and Viridian Energy PA LLC – New Jersey. Docket # Q017030252 (April 2017)

Public Power & Utility of New Jersey, LLC, TriEagle Energy LP and Viridian Energy PA,

Attachment B-4

LLC (collectively the "NJ Suppliers") submitted its annual RPS compliance report on October 31, 2016 using data that reflected its actual retail electricity sales in New Jersey, instead of the electricity sales data listed in PJM-Environmental Management System Generator Attribute Tracking System ("GATS"). The New Jersey Board of Public Utilities (the "Board") allows suppliers to use actual retail electricity sales figures but a new process introduced in 2016 required that suppliers explain the discrepancy between the GATS data and its actual retail sales prior to filing the RPS compliance report. Due to a miscommunication, the NJ Suppliers were unaware of this instruction, but communicated with the Board over the next several months to come to an amicable resolution. In an order dated April 21, 2017, the Board directed the NJ Suppliers to pay an Alternative Compliance Payment ("ACP") in lieu of retiring Renewable Energy Credits ("RECs"). In June 2017, the NJ Suppliers filed a Motion for Reconsideration with the Board requesting that the Board allow the NJ Suppliers to retire RECs to cover its 2016 RPS requirements rather than paying the ACP. NJ Suppliers reached a settlement with Staff that was approved by the Board on October 29, 2018 that allowed the NJ Suppliers to retire the additional RECs and also assessed a \$25,000 administrative penalty against each supplier.

Energy Services Providers, Inc. – Pennsylvania, Docket C-2014-2427656 (June 2014)

Prior to Energy Services Providers, Inc. ("ESPI") becoming affiliated with Crius Energy, ESPI entered into a settlement with the Pennsylvania Office of Consumer Advocate, the Pennsylvania Office of Attorney General and the Pennsylvania Public Utility Commission's Bureau of Investigation and Enforcement. On March 9, 2016, the Pennsylvania Public Utility Commission ("PUC") entered a Tentative Form Opinion and Order tentatively approving the settlement. PUC approval of the settlement was deemed final as of March 16, 2016.

U.S. Gas & Electric, Inc., Energy Services Providers, Inc. – New York (December 2014)

Prior to U.S. Gas & Electric Inc. and Energy Services Providers, Inc. (collectively, the "Company") becoming affiliated with Crius Energy, the Office of the New York State Attorney General (the "NYAG") requested information related to marketing efforts in New York State, and information related to customer complaints and pricing. The Company has fully cooperated with the requests and is currently in communication with the NYAG concerning a fair and equitable resolution of the matter.

U.S. Gas & Electric, Inc., Energy Services Providers, Inc. – New Jersey, (February 2016)

Prior to U.S. Gas & Electric Inc. and Energy Services Providers, Inc. (collectively, the "Company") becoming affiliated with Crius Energy, the Office of the New Jersey Attorney General (the "NJAG") requested information from the Company regarding customer agreements, pricing and complaints in New Jersey. The Company has fully cooperated with the requests and is awaiting feedback from the NJAG.
