**RE: Case No. 19-1069-EL-BTA
Amended Application of AEP Ohio Transmission Company, Inc. for a
Certification of Environmental Compatibility and Public Need for the
Macksburg-Devola 138 kV Transmission Line Project
Notice of Adjustments**

Dear Chairman Randazzo:

After consulting with OPSB Staff, AEP Ohio Transmission Company, Inc. (“AEP Ohio Transco”) provides the following notice of adjustments to a structure along the Macksburg-Devola 138 kV transmission line.

AEP Ohio Transco shifted Structure 18 of the Macksburg-Devola 138 kV transmission line after an underground gas line was identified near the proposed structure. The structure shifted approximately 22-feet southeast to provide proper clearance to the gas pipeline. Attached is a drawing of the proposed structure shift. The proposed structure shift does not affect any new property owners or impact additional wetlands or streams.

Please let me know if you have any questions or need additional information.

Respectfully submitted,

/s/ Tanner S. Wolfram
