## **MEMORANDUM IN SUPPORT**

Pursuant to Rule 4901:1-24-09 of the Ohio Administrative Code, Texas Energy hereby requests an extension of its Certificate as set forth in the attached Motion, which was issued to Texas Energy in Case No. 17-2113-EL-AGG on November 11, 2017. Due to a misunderstanding regarding the submission of Texas Energy's renewal application with respect to the Certificate, Texas Energy failed to submit its renewal application greater than thirty (30) days prior to the expiration of the same. Therefore, Texas Energy is seeking an extension of the Certificate as stated herein. Rule 4901:1-24-09(B) of the Ohio Administrative Code states:

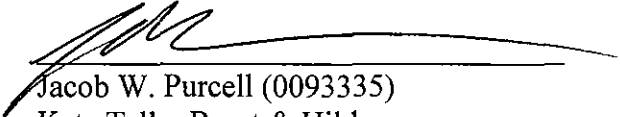

Any renewal application filed fewer than thirty calendar days prior to the expiration date indicated on the certificate, but no later than the expiration date on the certificate, shall be filed with a motion requesting an extension of the certificate. If the motion is filed in conformance with rule 4901:1-24-07 or 4901:1-24-13 of the Administrative Code, it shall be deemed automatically approved unless, within three business days of its filing, the commission or an attorney examiner appointed by the commission rules otherwise.

Texas Energy has submitted to the Ohio Public Utilities Commission a renewal application with respect to the Certificate, which is under review in Case No. 17-2113-EL-AGG with the Ohio Public Utilities Commission.

THEREFORE, Texas Energy respectfully requests that the Certificate be extended as stated above.

Respectfully submitted,

Date: 11/6/19
