Authorizing Ordinance

City of Perrysburg

ORDINANCE NO. 104-2000

AN ORDINANCE AUTHORIZING ALL ACTIONS NECESSARY TO EFFECT A GOVERNMENTAL ELECTRICITY AGGREGATION PROGRAM WITH OPT-OUT PROVISIONS PURSUANT TO SECTION 4928.20, OHIO REVISED CODE, DIRECTING THE WOOD COUNTY BOARD OF ELECTIONS TO SUBMIT A BALLOT QUESTION TO THE ELECTORS, AND TO DECLARE AN EMERGENCY.

WHEREAS, the Ohio Legislature has enacted electric deregulation legislation ("AM.Sub S.B. No.3") which authorizes the legislative authorities of municipal corporations, townships and counties to aggregate the retail electrical loads located in the respective jurisdictions and to enter into service agreements to facilitate for those loads the purchase and sale of electricity; and

WHEREAS, such legislative authorities may exercise such authority jointly with any legislative authorities, and

WHEREAS, governmental aggregation provides an opportunity for residential and small business customers collectively to participate in the potential benefits of electricity deregulation through lower electric rates which they would not otherwise be able to have individually, and

WHEREAS, this Council seeks to establish a governmental aggregation program with opt-out provisions pursuant to Section 4928.20, Ohio Revised Code, (the "Aggregation Program"), for the residents, businesses and other electric consumers in the City and in conjunction jointly with any other municipal corporation, township, county or other political subdivision of the State of Ohio, as permitted by law;

NOW, THEREFORE, BE IT ORDAINED BY THE COUNCIL OF THE CITY OF PERRYSBURG, WOOD COUNTY, OHIO:

SECTION 1. This Council finds and determines that it is in the best interest of the City of Perrysburg, its residents, businesses and other electric consumers located within the corporate limits of the City to establish the Aggregation Program in the City. Provided that this Ordinance and the Aggregation Program is approved by the electors of the City pursuant to Section 2 of this Ordinance.

SECTION 2. The Board of Elections of Wood County is hereby directed to submit the following question to the electors of the City at the general election on November 7, 2000.

Shall the City of Perrysburg have the authority to aggregate the retail electric loads located in the City, and for that purpose, enter into service agreements to

6

EXHIBIT

A-2

facilitate for those loads the sale and purchase of electricity, such aggregation to occur automatically except where any person elects to opt out, all in accordance with Section 4928.20 of the Ohio Revised Code and Ordinance No. 104-2000 adopted by the City Council?

The Clerk of this Council is instructed immediately to file a certified copy of this Ordinance and the proposed form of the ballot question with the County Board of Elections not less than seventy-five (75) days prior to November 7, 2000. The Aggregation Program shall not take effect unless approved by a majority of the electors voting upon this Ordinance and the Aggregation Program provided for herein at the election held pursuant to this Section 2 and Section 4928.20, Ohio Revised Code.

SECTION 3. Upon the approval of a majority of the electors voting at the special election provided for in Section 2 of this Ordinance, this Council individually or jointly with any other political subdivision, shall develop a plan of operation and governance for the Aggregation Program. Before adopting such plan, this Council shall hold at least two public hearings on the plan. Before the first hearing, notice of the hearings shall be published once a week for two consecutive weeks in a newspaper of general circulation in the City. This notice shall summarize the plan and state the date, time and location of each hearing. No plan adopted by this Council shall aggregate the electrical load of any electric load center within in the City unless it in advance clearly discloses to the person owning, occupying, controlling, or using the load center that the person will be enrolled automatically in the Aggregation Program and will remain so enrolled unless the person affirmatively elects by a stated procedure not to be so enrolled. The disclosure shall state prominently the rates, charges, and other terms and conditions of enrollment. The stated procedure shall allow any person enrolled in the Aggregation Program the opportunity to opt out of the program every two years, without paying a switching fee. Any such person that opts out of the Aggregation Program pursuant to the stated procedure shall default to the standard service offer provided under division (a) of Section 4928.14 or division (d) of Section 4928.35, Ohio Revised Code until the person chooses an alternative supplier.

SECTION 4. It is found and determined that all formal actions of Council concerning or relating to the passage of this Ordinance were adopted in an open meeting of the Council, and that all deliberations of this Council and any of its committees, that resulted in such formal actions, were in meetings open to the public in compliance with all legal requirements of the City of Perrysburg and the State of Ohio.

SECTION 5. This ordinance is hereby declared to be an emergency measure necessary for the immediate preservation of the public peace, health and safety of the citizens of the City of Perrysburg, Wood County, Ohio and shall be in full force and effect from and immediately after its passage and approval by the Mayor.

Operation and Governance

Plan

City of Perrysburg

**CITY OF PERRYSBURG, OHIO
ELECTRIC AGGREGATION
PROGRAM**

**PLAN OF OPERATION
AND GOVERNANCE**

Purpose

This aggregation plan has been developed in compliance with Ohio Revised Code section 4928.20 regarding governmental aggregation of electric service consumers.

The City of Perrysburg's program will aggregate the retail electric loads of its residents to seek the best rates for the supply of generation power. The City's program may combine residential, commercial and industrial consumers into one or more buying pools. Participation in the City's Aggregation Program is voluntary; any consumer has the opportunity to decline to participate and to receive power generated from some other source.

Process

The process of governmental aggregation is set forth in Ohio Revised Code section 4928.20. Under these opt-out aggregation provisions, all eligible electric consumers within the City will be automatically included in a governmental aggregation program unless they opt out. All consumers are sent notifications advising them of the rates available under the aggregation program, as well as instruction on how to opt out should they choose not to participate. These consumers can opt out during the 21-day period and at any statutorily required opt-out by returning the opt-out notification.

Eligible customers are residents of the City who are being served by FirstEnergy. Eligible customers do not include those on the Percentage of Income Program and others that may be defined as ineligible by the PUCO, as those ineligible customers are called out or excluded from the list of eligible customers generated and provided to the City by FirstEnergy. The City further reserves the right to exclude certain rate classes or groups, such as those that could clearly not save money under the program.

The City of Perrysburg's Aggregation Program

The City's Law Department will administer the City's Aggregation Programs based on its expertise and experience with the regulations and state law applicable to governmental aggregation and with public contracting.

The aggregation program is designed to reduce the amount consumers pay for electric energy. The City of Perrysburg will issue Requests for Proposal to Competitive Retail Electric Suppliers ("CRES") and negotiate a contract with the selected CRES to provide firm, all-requirements service to the members of the aggregation program.

Prior to the effective date of the program, notice will be sent to each potential participant disclosing the rates to be charged for electricity and other terms of the CRES supplier. Potential participants will be advised that they may opt out with no charge

during the 21-day period indicated in the notification. Those who opt out of the City's aggregation program during this initial notification period will continue to receive electricity generated from FirstEnergy.

Services

The Department of Law will provide the oversight, competitive procurement of services, regulatory approvals, accounting and fiscal management, contract maintenance, communications, program coordination and administrative support for the City's Aggregation Program using existing staff. If and when assistance is needed for specialized technical analysis, these Departments will retain the services of an experienced energy consultant.

The Northwest Ohio Aggregation Coalition

State law provides for the joining of municipalities for the purpose of consolidating efforts and expenses, and enlarging the size of a buying pool. To accomplish this, the City of Perrysburg and its surrounding communities have formed the Northwest Ohio Aggregation Coalition ("NOAC"). NOAC is currently comprised of the following communities: Toledo, Maumee, Northwood, Oregon, Perrysburg, Sylvania, Holland Lake and unincorporated townships of Lucas County as represented by the Board of County Commissioners of Lucas County. NOAC represents approximately 470,000 residents. The coalition's representatives are municipality attorneys and/or elected officials.

NOAC's goal is not only to consolidate efforts and expenses, but also to act as a regional advocate at the PUCO for the ratepayers in Northwest Ohio. It is NOAC's ongoing objective to undertake all bidding and decision-making in a cooperative and unanimous fashion, while spreading out administrative costs among the participating members.

Opt-In Procedures

Eligible consumers may request to join the Aggregation Group after the expiration of any enrollment period by contacting the Provider. The Contract shall determine whether the Provider accepts them into the Program, and, if so, at what rate. The agreed upon policy in the Contract shall be consistent with the EDU's service activation requirements. Aggregation Group participants who move from one location to another within eligible areas of the Perrysburg shall retain their participant status.

Opt-out Outside Enrollment Period

Members who switch to a different generation supplier after the expiration of the Opt-out period will be allowed to do so in correlation with the consumer's next scheduled meter read date but may be charged a switching fee in an amount and method determined by the Contract. Switching to a different generation supplier on the next meter read date, however, will occur when the next meter read date is twelve (12) business days or more from the date of the consumer's notice of intent to opt-out of the Aggregation Group. Notification of intent to opt-out of the Aggregation Group may be made by contacting the Provider by telephone or in

writing. Members who opt-out of the Aggregation Group will default to the EDU's Standard Service Offer, until the consumer selects an alternate generation supplier.

Changes, Extension or Renewal of Service

At least every three years all consumers eligible to participate in Perrysburg's Program will be given an opportunity to opt into or out of the Program, and reasonable notice will be provided as required by law and PUCO rules. Participants will also be notified of their right to select an alternate generation supplier and of their ability to return to EDU's Standard Service Offer.

Termination of Service

In the event that the Contract is terminated prior to the end of the term, each individual Member of the Aggregation Group will receive written notification of the termination of the Program at least sixty (60) days prior to termination of service. If the Contract is not extended or renewed, Members will be notified as required by law and the CRES rules of the PUCO in advance of the end of service. Members will also be notified of their right to select an alternate generation supplier and of their ability to return to the EDU's Standard Service Offer upon termination.

Billing

The City will use the Provider, or its designated agent, to provide billing services to each Member for the Competitive Retail Electric Services, with no additional administrative fee. At this time, the EDU will render the billing statement, which should be consistent with all applicable guidelines issued by the PUCO. As this market develops, the City may, at its option and in consultation with the Provider, change this function to the Retail Electric Generation Provider or a billing agency.

Rates

The Department of Public Utilities shall receive proposal from electric suppliers using a competitive selection process. The request for proposals shall require the suppliers to offer a generation charge for each customer class, load grouping or other appropriate category that is lower than the standard offer from Toledo Edison. The prices to be charged to customers in the City's aggregation program will be set by the City of Perrysburg after negotiations with the selected supplier.

Eligibility

Only non-mercantile consumers shall be eligible for the Program through the opt-out process. Other eligibility restrictions such as peak demand or use may be negotiated within the Contract.

MISCELLANEOUS GOVERNANCE GUIDELINES

- A. The City of Perrysburg shall approve through Resolution or Ordinance the Plan of Operation and Governance for the Aggregation program and any Amendments thereto.
- B. Perrysburg will require any Provider to disclose any subcontractors that it uses in fulfillment of the services described above.
- C. Perrysburg will require the Provider to maintain either a toll free telephone number, or a telephone number that is local to Perrysburg Program Members.

LIABILITY

THE CITY OF PERRYSBURG SHALL NOT BE LIABLE TO MEMBERS IN THE AGGREGATION GROUP FOR ANY CLAIMS WHATSOEVER ARISING OUT OF THE AGGREGATION PROGRAM OR THE PROVISION OF AGGREGATION SERVICES BY THE PERRYSBURG OR THE PROVIDER. AGGREGATION GROUP MEMBERS SHALL ASSERT ANY SUCH CLAIMS SOLELY AGAINST THE PROVIDER PURSUANT TO THE POWER SUPPLY AGREEMENT, UNDER WHICH SUCH PARTICIPANTS ARE EXPRESS THIRD-PARTY BENEFICIARIES.

INFORMATION AND COMPLAINT NUMBERS

Potential participants can receive more information about the program or Copies of this plan from the City of Perrysburg free of charge by calling 419-872-8010.

Any electric customer, including any participant in the City of Perrysburg's Aggregation Program, may contact the Public Utilities Commission of Ohio (PUCO) for information, or to make a complaint against the Program, the Provider or EDU. The PUCO may be reached toll free at 1-800-686-7826.

Appendix A -- Education Process

The Provider will develop an educational program in conjunction with the City of Perrysburg. Its purpose will be to explain the aggregation program to City Members, provide updates and disclosures as mandated by State law and the rules of the PUCO, and provide the opportunity for the members to opt out of the program. The following are the program components:

1. Each eligible consumer within the City limits will receive via U.S. Mail notification of: what government aggregation means, their membership in the government aggregation program, the procedure which must be followed in order to opt out of the program, the price that they can expect to receive as a member of the program, and the deadline for returning the opt out form. See the attached letter.
2. The Provider will work with the Perrysburg to provide opportunities for educating eligible City consumers about the Program and their rights under the law, PUCO rules and this Program. In addition, the Provider and Perrysburg will work to provide education about and other opportunities for energy efficiency measures to help consumers reduce energy consumption.
3. The Provider will provide updates and disclosures as mandated by State law and rules of the PUCO.
4. The opt-out opportunity will be provided to the Members of the program at least every three years. Should conditions, suppliers, price, or any other component of the program change within the three-year period, participants will be given a notice of their opportunity to opt out of, or into the program.

Appendix B --- Customer Service Plan

A. Member Access:

1. Provider shall ensure Members reasonable access to their service representatives for inquiries, complaints, to discuss charges on Member bills, and transact any other business.
2. Telephone access shall be toll free and afford Members prompt answer times during normal business hours, as follows:

_____ **Corporation**
Address: _____
City: _____, _____
Toll-free telephone number: 1- _____
Hours: _____

3. Provider shall provide a 24-hour automated telephone message instructing callers to report any service interruptions or electrical emergencies to the EDU with appropriate phone numbers.

B. Member Complaints:

1. Provider shall investigate Member complaints (including complaints referred by EDU) and provide a status report within five calendar days following receipt of the complaint to:
 - a. The consumer, when the complaint is made directly to Provider; or
 - b. The consumer and The PUCO Staff ("Commission Staff"), when a complaint is referred to Provider by the Commission Staff.
2. If an investigation is not completed within 14 calendar days, Provider shall provide status reports to the consumer and the City of Perrysburg, or if applicable, to the consumer, the City, the City of Perrysburg consultant and the Commission Staff. Such status reports shall be provided at five-day intervals until the investigation is complete, unless the action that must be taken will require more than five days and the Member has been so notified.
3. Provider shall inform the Member, or the Member, the City of Perrysburg, City of Perrysburg consultant and Commission Staff, of the results of the investigation, orally or in writing, no later than five calendar days after completion of the investigation. The consumer, the City, the City of Perrysburg consultant, or Commission Staff may request the report in writing.
4. If a residential consumer disputes the Provider report, it shall inform the consumer that the Commission Staff is available to help resolve informal complaints. Provider

shall provide the consumer with the current address, local/toll free telephone numbers, and TDD/TTY telephone numbers of the Commission's consumer services department.

5. Provider shall retain records of Member complaints, investigations, and complaint resolutions for one year after the occurrence of such complaints, and shall provide such records to the Commission Staff within five calendar days of request.
6. Provider shall make good faith efforts to resolve disputes.

C. Member Billing and Payments

Perrysburg will use the Provider, or its designated agent, to provide billing services to each Member for the Competitive Retail Electric Services, with no additional administrative fee. At this time, the EDU will render the billing statement, which should be consistent with all applicable guidelines issued by the PUCO. As this market develops, the City of Perrysburg may, at its option and in consultation with the Provider, change this function to the Retail Electric Generation Provider or a billing agency.

D. Collections for delinquent accounts:

The EDU's credit and collection policies will apply to Program Members and shall be administered by the EDU. Neither the Governmental Aggregator, nor the Provider, will implement additional policies with respect to credit, deposits and collections. Failure to pay for Competitive Retail Electric Services may result in cancellation of the Member's contract with the Provider, and return the Member to the EDU's Standard Service Offer.

Automatic Aggregation Disclosure – Opt-out Form

City of Perrysburg

City of Perrysburg
Electric Aggregation Enrollment Notification

Dear Resident or Small Business,

Welcome to your community's electric aggregation program which provides you with exclusive pricing on the electric generation portion of your electric bill. This is possible through governmental aggregation, a community purchasing program where community officials use group buying power to purchase electricity from a retail electric generation supplier certified by the Public Utilities Commission of Ohio. To further increase the buying power of your community, it decided to join with many other area communities as part of the **Northwest Ohio Aggregation Coalition (NOAC)**. This program was approved by voters in your community in November 2000.

How You Benefit

By participating in this aggregation program, you will receive the following exclusive pricing on your electric generation:

	Your Electric Utility	Variable Price - Tiered	Term End	Early Termination Fee
Residential & Small Business	Toledo Edison	5.31 cents per kWh through January 2018; then 5.33 cents per kWh through May 2020	May 2020	None

FirstEnergy Solutions, a subsidiary of FirstEnergy Corp., has been selected by your community as part of the Northwest Ohio Aggregation Coalition to provide your electric generation. If you're not already participating, this is your chance to join. If you're already participating, this is your opportunity to continue the benefits of the program.

Same Reliable Service

Your electric utility will continue to maintain the system that delivers power to your home or business – no new poles or wires will be built by FirstEnergy Solutions. You will continue to receive a single, easy-to-read bill from your local electric utility with your FirstEnergy Solutions charges included. There is no cost for enrollment, you will not be charged a switching fee, and **you do not need to do anything to participate.**

Enrollment Information

If you are not currently receiving electric generation from FirstEnergy Solutions, your electric utility will send you a letter confirming your selection of FirstEnergy Solutions as your electric generation provider. As required by law, this letter will inform you of your option to cancel your contract with FirstEnergy Solutions within seven days of its postmark. To become a member of the community's electric governmental aggregation program, you don't need to take any action when this letter arrives.

Opt-Out Information

If you are a new member of the program, your future bills will reflect the electric price listed above from FirstEnergy Solutions after your enrollment has been completed and your switch has been finalized – approximately 30-45 days, depending upon your meter read date. Of course, you are not obligated to participate in the community's electric governmental aggregation program. If you do not want to participate in your community program, you have until the opt-out deadline found in the upper right-hand corner of this letter to return the attached "opt-out" form below. If you do not opt out at this time and leave the program at a later date, you might not be served under the same rates or terms and conditions that apply to other customers served by your utility. Once enrolled, you will receive a notice at least every three years asking if you wish to remain in the program.

Please refer to the enclosed Terms and Conditions and FAQs for more information. Your community has selected FirstEnergy Solutions to handle questions regarding your community-approved electric aggregation program. If you have any questions, please call FirstEnergy Solutions toll-free at 1-866-636-3749, Monday through Friday, 8 a.m. to 5 p.m.

Sincerely,

Northwest Ohio Aggregation Coalition

Electric Governmental Aggregation Program FAQs v.11.17

How is my community able to choose a certified electric generation supplier on my behalf?

Under governmental aggregation, local officials bring citizens together to gain group buying power for the purchase of competitively priced electricity from a retail electric generation supplier certified by the Public Utilities Commission of Ohio (PUCO). Residents voted to allow the community to contract for an electric generation supplier on their behalf.

What do I need to do if I want to be included in this governmental aggregation?

You do not need to do anything to receive the discounted generation pricing under this program. You may choose to remain in the aggregation group by simply not returning the opt-out form.

Is my price for power fixed, or does it vary?

The information in your letter states if your price is fixed, variable, or variable based on a tiered pricing structure. Your community decided on a tiered pricing structure, where your initial price will remain the same each month through the meter-read date of the first tier outlined in your Agreement's Terms and Conditions. At that time, your price will change but then remain the same each month for the rest of your Agreement.

How will I know if I can save money under the electric governmental aggregation program?

You'll know you are saving money as long as your price with FirstEnergy Solutions is lower than your utility's Price to Compare (PTC).

If I am already a member of this program, why am I receiving this letter?

As a current member of your community's electric governmental aggregation program, you are given the opportunity to opt out of the program at least every three years at no charge. Your previous contract with FirstEnergy Solutions is coming to an end, and this is your opportunity to either opt out or continue the benefits of the program.

What does "opt out" mean?

"Opt-out" means that you can decide not to participate in your community's electric governmental aggregation program. By returning the opt-out form, which is included in this mailing, by the Opt-Out Deadline you will not be enrolled as an electric generation customer with FirstEnergy Solutions, your community's competitive electric generation supplier, and you will not receive the discount.

What happens if I do not send in the opt-out form?

If you do not return the opt-out form by the Opt-Out Deadline, you will be included in your community's governmental aggregation program and will receive competitively priced electricity from FirstEnergy Solutions.

Can I opt out over the phone?

No, if you want to opt out, you must mail in your completed opt-out form and it must be received by the Opt-Out Deadline.

Can I opt out of the program at a later date?

Yes, you may leave the aggregation program at any time.

What are my energy supply choices if I decide to opt out?

You can stay with your current electric utility, which will continue to supply your electric generation as it always has, or you can shop for an alternative generation supplier. A list of competitive electric suppliers certified by the PUCO and their current prices are available by calling 1-800-686-PUCO (1-800-686-7826).

If I join the aggregation, will FirstEnergy Solutions continue to budget bill my supplier charges?

Yes. Toledo Edison, The Illuminating Company, Ohio Edison and Duke Energy include supplier charges in the monthly budgeted amount. Budget billing supplier charges is limited in AEP Ohio's and DP&L's service areas. Please call 1-866-636-3749, if you have questions regarding budget billing in your area.

Can I still have my payment automatically deducted from my checking account as I do now?

Yes. How you pay your electric bill will not change.

If I join my community's governmental aggregation program, who will deliver my power, read my meter and respond to emergencies, such as power outages?

Your electric utility will still be responsible for delivering power to your home or business, reading your meter and restoring power after an outage.

Who is FirstEnergy Solutions?

FirstEnergy Solutions, a subsidiary of FirstEnergy Corp., is a leading competitive supplier of energy to residential, commercial and industrial customers in Ohio, Pennsylvania, New Jersey, Maryland, Illinois and Michigan.

What is the toll-free number for questions?

If you have any questions, please call 1-866-636-3749, Monday through Friday, 8 a.m. to 5 p.m.

These Terms and Conditions apply to you because you are enrolling for electric generation service with FirstEnergy Solutions Corp. ("FES") through either (a) affirmative consent or (b) not opting out of your community aggregation program. If you enroll by affirmative consent, these Terms and Conditions and the enrollment information on the website are your Agreement ("Agreement"). If you choose to remain in the community aggregation program by not "opting-out" or exercising the right of rescission, these Terms and Conditions and your opt-out notification are your Agreement. Please keep a copy of this Agreement for your records.

FES is certified by the Public Utilities Commission of Ohio ("PUCO") to offer and supply electric generation services in Ohio. As a Competitive Retail Electric Service ("CRES") provider, FES will supply the electric generation to your EDU based on your usage. Your EDU then distributes or delivers the electricity to you. FES sets the generation prices and charges that the customers pay. The PUCO regulates distribution prices and services. The Federal Energy Regulatory Commission ("FERC") regulates transmission prices and services.

Definitions: *Generation Charge* – Charge for the production of electricity. *Transmission Charge* – Charge for moving high voltage electricity from a generation facility to the distribution lines of the EDU. *Distribution Service* – Physical delivery of electricity to customers by the EDU.

Right of Rescission: If you do not opt-out or you give your affirmative consent and are enrolled to receive generation service from FES, your EDU will send you a confirmation notice of transfer of service. You will have the right to rescind your enrollment within seven (7) calendar days following the postmark date of the confirmation notice by following the instructions contained in the notice. The Right of Rescission only applies when a customer switches to a generation supplier and not on renewal enrollments. Your EDU will not send a confirmation notice upon any renewal of this Agreement. Should you choose to opt-out of your community's program, you will be served by your EDU's standard service offer established pursuant to section 4928.14 of the Ohio Revised Code ("ORC") unless you choose an alternate supplier of electricity.

Eligibility: Only eligible residential customer accounts not enrolled in the Percentage of Income Plan Program ("PIPP") and eligible small commercial customers may enroll in this offer from FES. FES reserves the right to refuse enrollment to any customer with an outstanding electric bill balance.

Basic Service Prices: During the term of this Agreement, you agree to pay FES a price indicated in the table above for a total combined Transmission, Generation and Generation Related Charge ("Retail Electric Service"). Your Price to Compare ("PTC") consists of bypassable transmission, generation and transmission and generation related components, which are charges associated with the costs of purchased power and the cost to deliver the power through the transmission system. These are the charges that you would avoid for that billing period when you switch to FES. If your product in the table above is a % Off PTC product, your monthly price per kWh will vary because the EDU's PTC may change based on any changes made by the EDU in its calculations. In addition to FES' charges, you will be charged by your EDU for distribution and various other charges. Your price may also include a fee assessed by a broker or agent representing your community.

Length of Agreement: As a part of your community's program, your Retail Electric Service from FES will start on your next available meter read after processing of the enrollment by your EDU, and continue through the term indicated in the table above. The program may be terminated prior to the term pursuant to the terms of the master agreement between FES and your community for the aggregation program. Should the program be terminated, you will be returned to your EDU's standard service offer or its successor. In the event that (1) the PUCO approves or implements a phase-in credit for generation and/or transmission charges of the EDU or takes any other action which affects the PTC or otherwise does not allow the EDU to reflect the full cost to procure generation and transmission in the PTC or other regulatory action; or (2) there is any change in any statute, rule, regulation, order, law, or tariff promulgated by any court, governmental authority, utility, Independent System Operator ("ISO"), Regional Transmission Organization ("RTO") or other service provider, or any change in operating procedure, which alters to the detriment of FES its costs to perform under this Agreement, you may receive a notification from FES. This notification will include a description of one or more of the situations described above. FES may offer you new Terms and Conditions. You must indicate your affirmative consent to the new Terms and Conditions as specified in the notices. If you do not contact FES to accept the new terms, this Agreement will terminate on the date specified in the notices, and you may be returned to your EDU for Retail Electric Service. Alternatively, FES may decide to terminate this Agreement, and you will receive prior written notice of the termination, after which you may be returned to your EDU for Retail Electric Service. Whether FES offers you new terms or terminates this Agreement under this provision, you will not be responsible for the cancellation/termination fee (if any) set forth in the table above. You must still pay all FES charges through the date you are returned to your EDU or switched to another CRES provider for service.

Billing: You will continue to receive a single bill from your EDU that will contain both your EDU and FES charges. FES reserves the right to unilaterally modify this billing format in the event your EDU is unable or unwilling to provide consolidated billing in this format or changes the calculation of the PTC. If you do not pay your bill by the due date, FES may cancel this Agreement after giving you a minimum of fourteen (14) days written notice. Upon cancellation you will be returned to your EDU as a customer. You will remain responsible to pay FES for any electricity used before this Agreement is cancelled, as well as any late payment charges. If you have 12 months of billing history and you are enrolled in budget billing with the EDU, you can enroll in a budget billing program once per year. At the end of the contract term, you are responsible for payment of any outstanding balance upon final contract true up. FES reserves the right to adjust your monthly budget amount prior to final contract true up. If you enroll in budget billing, then choose not to be in the program or if you become two consecutive monthly payments overdue, you will be removed from budget billing, your account will be reconciled, and you will be billed for the outstanding budget balance on your next billing cycle. Failure to pay electric utility charges may result in you being disconnected in accordance with your EDU's tariff.

Penalties, Fees and Exceptions: If you do not pay the full amount owed FES by the due date of the bill, FES may charge a 1.5% per month late payment fee.

Cancellation/Termination Provisions: You may terminate this Agreement, without penalty, if you move out of the EDU service territory or into an area where FES charges a different price. There may be a Cancellation/Termination Fee indicated in the table above if you terminate this Agreement for any other reason, except as expressly provided herein. Upon termination with FES and return to the standard service offer with your EDU, you may not be served under the same rates, terms, and conditions that apply to other EDU customers.

Customer Consent and Information Release Authorization: By choosing not to opt-out of your community's aggregation program, or to affirmatively join it, you understand and agree to the terms and conditions of this Agreement with FES. You authorize FES to obtain information from the EDU that includes, but is not limited to: billing history, payment history, historical and future electricity usage, meter readings, and characteristics of electricity service. FES reserves the sole right to determine if your credit standing is satisfactory before accepting your enrollment request. This Agreement shall be considered executed by FES following acceptance of your enrollment request by FES, the end of the 7-day rescission period, and subsequent acceptance of the enrollment by your EDU.

Contract Expiration: At least every three (3) years, you will be given the opportunity to opt-out of your community's aggregation program at no cost. You are responsible for arranging for your electric supply upon termination of this Agreement.

Dispute Procedures: Contact FES with any questions concerning the terms of service by phone at 1-888-254-6359 (toll-free) M-F 8:00 am to 5:00 pm EST or in writing at 341 White Pond Drive, Attn: Contract Administration, Akron, OH 44320. Our web address is www.fes.com. If your complaint is not resolved after you have called your electric supplier and/or your electric utility, or for general utility information, residential and business customers may contact the PUCO for assistance at 1-800-686-7826 (toll free) M-F 8:00 a.m to 5:00 pm EST or at www.puco.ohio.gov. Hearing or speech impaired customers may contact the PUCO via 7-1-1 (Ohio Relay Service). The Ohio Consumers' Counsel ("OCC") represents residential utility customers in matters before the PUCO. The OCC can be contacted at 1-877-742-5622 (toll free) M-F 8:00 am to 5:00 pm EST, or at www.pickocc.org.

Force Majeure Termination: FES will make commercially reasonable efforts to provide your electric service, but does not guarantee a continuous supply of electricity. Certain causes and events are out of FES's reasonable control ("Force Majeure Event(s)") and may result in interruptions in service. FES will not be liable for any such interruptions caused by a Force Majeure Event, including but not limited to, acts of God, war, civil disturbance, insurrection, terrorism, fire, flood, earthquake, acts of default of common carriers, strikes, boycotts, unforeseen maintenance, unforeseen shutdowns or deficiencies of sources of supply, inability to access the local distribution utility system, nonperformance by the EDU or other similar circumstances beyond FES' reasonable control.

Miscellaneous: You have the right to request from FES, twice within a 12-month period, up to 24 months of payment history, without charge. FES will not release your Social Security number and/or account number(s) without your written consent except for FES' collections and reporting, participating in programs funded by the universal service fund, pursuant to ORC section 4928.54, or assigning a customer's contract to another CRES provider. FES' environmental disclosure statement is available for viewing on our website www.fes.com. FES will make the required quarterly updates to the statement electronically on our website and will also provide the information upon request. FES may assign its rights to another CRES provider, including any successor, in accordance with the rules and regulations of the PUCO. FES assumes no responsibility or liability for the following items that are the responsibility of the EDU: operation and maintenance of the EDU's electrical system, any interruption of service, termination of service, or deterioration of the EDU's service. In the event of a power outage, you should contact your local EDU. You are responsible for providing FES with accurate account information. If said information is incorrect, FES reserves the right to reprice the applicable account(s) or terminate the Agreement. FES reserves the right to return any customer to the EDU if the customer's rate code is changed and the account is no longer eligible for this program.

Warranty: FES warrants title and the right to all electricity sold hereunder. THE WARRANTIES SET FORTH IN THIS PARAGRAPH ARE EXCLUSIVE AND ARE IN LIEU OF ALL OTHER WARRANTIES, WHETHER STATUTORY, EXPRESS OR IMPLIED, INCLUDING BUT NOT LIMITED TO ANY WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE OR ARISING OUT OF ANY COURSE OF DEALING OR USAGE OF TRADE.
