	3
1	ATTORNEY EXAMINER LYNN: Let's go
2	on the record at this time. And Public
3	Utility Commission of Ohio has assigned for
4	a hearing at this time and place four cases
5	actually. And they all involve requests
6	for exemptions from school buses for
7	school buses from stopping at certain grade
8	crossings. And I'll go down the list.
9	First is Case Number
10	18-1606-RR-RCP. And that's a request by
11	the Mahoning County Engineer on behalf of
12	West Branch Schools. And it concerns the
13	exemption of County Roads the grade
14	crossings at County Roads 84, 22, 23, 28,
15	25 and 32, also Township Roads 29 and 30.
16	We also have an exemption in Case
17	exemption request in Case
18	18-1902-RR-RCP. And that involves, again,
19	the school buses at County Road 49 in
20	Mahoning County. And that was done on
21	behalf of the Western Reserve Schools and
22	Doug McGlynn.
23	MR. MCGLYNN: Mm-hmm.
24	ATTORNEY EXAMINER LYNN: And we
25	also had two other cases, Case

19-1488-RR-RCP. That request was made by the Village of Sebring and actually was by the -- I guess it was by the Village of Sebring because they're the local highway authority. And that involved the crossing on North Johnson Road.

And then finally we have Case
19-1891-RR-RCP. And that's also made by
the Mahoning County Engineer on behalf of
West Branch Schools. And that involves
County Roads 11 and 26.

I'm Jim Lynn. I'm the Attorney

Examiner assigned to hear this case. And
our hearing today is a request for public
comments concerning the exemption -exemption applications that were submitted.
Your testimony will be considered part of
the official record of the case and will be
reviewed by our Commissioners before they
make their final decision.

And we obviously don't have a very large group here, but I appreciate everyone showing up. And I'll ask when you start speaking, mention your name and what school district or in the case of Mr. Durbin, you

	<u> </u>
1	know, what county engineer's office and so
2	forth. And just spell your name, state the
3	address, who you work for and then your
4	thoughts on these different crossing
5	requests.
6	I think I'll first start with
7	Sherri Malloy here of West Branch Schools.
8	Let's go through the first bunch that I
9	listed, Sherri. It was County Roads 84,
10	22, 23, 28, 25, 32 and Township Roads 29
11	and 30. Any comments on those crossings?
12	If there is a, you know,
13	particular one you want to single out,
14	fine, but I would imagine you have some
15	comments that really apply to all the
16	crossings.
17	MS. MALLOY: That's correct. My
18	name is Sherri Malloy, S-h-e-r-ri, last
19	name is Malloy, M-a-l-l-o-y. I'm the
20	transportation supervisor at West Branch
21	Local Schools at 14277 South Main Street,
22	in Beloit, Ohio.
23	The crossings that are being
24	discussed are unused crossings. And by
25	state law, all school buses and any

trucks that are carrying hazardous materials are included in this, but I'm most concerned with school buses especially with children.

These tracks have been unused.

Most of them are either paved over, have trees growing in the middle of them or at best just grassy covered. You can tell that they haven't been used and it has been confirmed that they are not used. But under state law, all school buses have to stop completely, activate lights, open doors, listen.

What we find are cars, trucks, semis that know for a fact that these are unused crossings that do not have to stop are either impatient or don't understand why we have to stop, and we are trying to prevent rear-end collisions at best.

Especially with winter approaching, that is a big concern.

They panic. They don't -- you know, and to be honest with you, we drive eight ton school buses. But if you're a person in a car behind us, that you're

going to take the brunt of that. And it could be fatal for that person. And I -- you know, we don't want to see anyone get hurt.

But if we could get exempt crossings and with the law saying that they're exempt, that will allow us just to cross these in traffic flow and not have to stop completely. And we feel that it is a very, very -- it's -- it's a hazard. And we feel like for the public safety that this is the right thing to do.

ATTORNEY EXAMINER LYNN: And have there been any collisions?

MS. MALLOY: Not reportable collisions. We have had close calls. And what I mean close calls, people seem to see the rear end of a stopped school bus or any other car and veer to the right.

But again, one of these crossings

-- we'll get to the next one. I'm grouping
all of mine in together -- is going into -on Johnson Road. This one's going into an
industrial park. It has Tru Cut. It has
Precious Cargo Daycare.

	PUCO Hearing
1	These people are trying to get to
2	work. These semis are trying to get there.
3	And again, they don't have to stop. They
4	know they're not going to stop. There's
5	there's not even a chance of a train being
6	there. And it's it's just it's
7	something that needs done for public safety
8	as a whole.
9	ATTORNEY EXAMINER LYNN: And your
10	comments would apply to the County Roads 11
11	and 26 also?
12	MS. MALLOY: Absolutely. Oyster
13	Road and South Range Road also, yes.
14	ATTORNEY EXAMINER LYNN: Okay.
15	All right. And the issues that are
16	concerning you, is it not just when the
17	students are being brought to school or
18	taken home from school, but also would it
19	involve, for example, if they're on a
20	school bus going to sporting events or
21	something like that
22	MS. MALLOY: Absolutely.
23	ATTORNEY EXAMINER LYNN: after
24	hours?
25	MS. MALLOY: Absolutely. Yes.

1	0

Akron-Canfield Road, Berlin Center, Ohio 44401.

The Weaver Road crossing is on an incline coming both ways. And what we've run into is when our buses are coming down Weaver Road, because there are a number of kids who live on that road, and they're having to stop, people are not stopping either behind them or they're going around them or they're coming up the other way.

And it's becoming a problem for us. We had a number of car accidents there. No buses yet on that -- on that particular one. But the concern is every time we're stopping, they're not stopping coming the other way.

ATTORNEY EXAMINER LYNN: So what you're saying is that when one of your buses is stopped on this incline --

MR. MCGLYNN: On the incline.

ATTORNEY EXAMINER LYNN: -- then cars will say go to the left of the bus, try to go around it --

MR. MCGLYNN: Some will try to go around.

1		
1	ATTORNEY EXAMINER LYNN: But	11
2	somebody could be coming the other dir	
3	opposite direction?	
4	MR. MCGLYNN: And there could be a	
5	collision, head-on collision.	
6	ATTORNEY EXAMINER LYNN: Okay.	
7	And it actually has happened or we've had	
8	some close calls?	
9	MR. MCGLYNN: We have had some	
10	close calls with that. It has happened	
11	with just two cars that have just	
12	ATTORNEY EXAMINER LYNN: Okay.	
13	MR. MCGLYNN: come up over that	
14	incline. Because the way it's set up, and	
15	I think you've probably seen it, it's kind	
16	of a hill on both sides. And when you come	
17	up over top, it's partially paved.	
18	And it's not been used in the	
19	seven years I've been there as an active	
20	track. Like the other ones that were made	
21	exempt in our district, it's one that has	
22	grass growing up through it, trees, as	
23	Sherri stated.	
24	But it would make it a lot easier	
25	for us not to have to make that stop and	

start, to be able to go over that, including after school when we go that way to go to activities at other parts of the area towards the southeast way.

ATTORNEY EXAMINER LYNN: Okay. Thank you.

And, Mr. Durbin, you're with the Mahoning County Engineer. If you could, you know, state your name, the address of the Engineer's Office, any thoughts you would have as far as these requests that were made.

MR. DURBIN: My name is Bob

Durbin, B-o-b D-u-r-b-i-n. I am the deputy
engineer for the Mahoning County Engineer.

Our address is 940 Bears Den Road,
Youngstown, Ohio.

I have four county roads that are under our jurisdiction -- I'm sorry, nine county roads under our jurisdiction in these four cases as well as two township roads. Under Ohio law, we are the engineering advisors for all townships.

So when Miss Malloy contacted us about these various roads and crossings, I

went out and viewed all of them to -- so that I would have an opinion on each and every crossing whether or not it should be exempt.

I believe every one of them should be exempt for the reasons that have been stated here. It's very obvious that there could be some hazardous situations created by buses having to stop at these crossings due to other traffic not wanting to stop or not needing to stop.

I had some conversation with the two townships that were involved on the crossing on the Township Road 29 and 30 and gave them my opinion of the crossing, asked them to take it to their township meeting and provide a letter of support, which they did, which was included in my letter.

And we are fully in support of both school districts and their request for these exemptions.

ATTORNEY EXAMINER LYNN: Thank

you. I'll note for the record here there

is -- we don't have a representative of the

Village of Sebring. However, we do have a

	. Coo nearing	
1 ,	letter that was filed by them in this case.	14
2	And thanks to Sherri Malloy for helping get	
3	that letter too.	
4	I also mention here, sometimes	
5	when I'm not in my home office things	
6	aren't as formal as they typically are.	į
7	And I needed to actually swear you all in.	
8	So I just ask that for all three	
9	of you do you swear the statements you all	
10	made were true?	İ
11	Miss Malloy?	ļ
12	MS. MALLOY: Yes, they were true.	
13	ATTORNEY EXAMINER LYNN: Okay.	
14	And Mr. McGlynn?	
15	MR. MCGLYNN: Yes, true.	
16	ATTORNEY EXAMINER LYNN: And Mr.	i
17	Durbin?	
18	MR. DURBIN: Yes, all true.	1
19	ATTORNEY EXAMINER LYNN: Thank you	
20	very much. Get me off my bench and I'm	
21	totally out of sync here.	
22	All right. I believe that really	
23	is about it. Again, I want to thank	
24	everyone for coming and all the	
25	coordination with the emails going back and	
		-

i	
1	forth and so on. And I believe that will
2	wrap things up. Thanks for our court
3	reporter for coming too.
4	And that will close the
5	proceedings for today.
6	
7	(Hearing concluded.)
