**CASE HISTORY**

On June 24, 2013, Conor Davitt (Applicant) filed an application in Case No. 13-1381-EL-REN for certification of a renewable energy resource generating facility, Conor Davitt solar facility (Facility), located at 2959 West Case Road, Dublin, OH, 43017. The application details the Facility as a 2.6 kilowatt roof-mounted solar photovoltaic system.

The Facility was certified effective August 24, 2013, and assigned the Ohio certification number of 13-SPV-OH-GATS-0510.

On November 18, 2019, the Applicant contacted the PUCO to inquire as to the process for cancelling the certificate assigned to the Facility, as the Applicant was in the process of selling the house that was host to the Facility.

**STAFF REVIEW**

Staff contacted the Applicant to explore the possibility of transferring the certificate to the new homeowner. However, the Applicant ultimately expressed a preference for cancelling the existing certificate.

**STAFF RECOMMENDATION**

Staff recommends that the Commission revoke certificate number 13-SPV-OH-GATS-0510.
