EXHIBIT B-2

"Experience & Plans," provide a current description of the applicant's experience and plan for contracting with customers, providing contracted services, providing billing statements, and responding to customer inquiries and complaints in accordance with Commission rules adopted pursuant to Section 4928.10 of the Revised Code.

Experience

The Vistra Energy family of brands connects with energy customers through an innovative family of brands strategy and multi-channel marketing approach. This unique combination creates multiple access points to a broad suite of energy products and services that make it easier for consumers to make informed decisions about their energy needs. Vistra Energy brands market energy products in 19 states and the District of Columbia with plans to continue expanding its geographic reach.

Applicant has the necessary operational and managerial capabilities to serve all customer classes, including residential, commercial and industrial customers. The Vistra Energy management team is comprised of individuals with significant experience in wholesale and retail energy supply.

Contracting with Customers

Applicant markets its products through the traditional channels of partnerships, digital advertising, and some telemarketing for commercial customers. Applicant is not currently engaging in door-to-door sales.

Enrollment: There are four ways a potential customer can be enrolled:

- (1) **Paper Enrollment.** Potential customers can use a paper enrollment form that they fill out themselves and it is faxed in to Applicant's headquarters after which the customer receives a welcome package with copies of all the forms;
- (2) **Web Enrollment.** Potential customers can visit <https://www.ppandu.com/enroll> to enroll online. From the web site potential customers may print forms and information, upon receipt of the enrollment at Applicant's headquarters, the customer receives a welcome package with copies of all the forms;
- (3) **Telephonic Enrollment.** Potential commercial customers may be solicited over the phone by Applicant's vendors and may decide to sign up over the telephone and complete a third party verification confirming the decision to enroll; or
- (4) **Customer Care Center.** Potential customers can call Applicant's Customer Care Center. A call center representative will enroll the customer and a third-party verification will be taken after such enrollment and a welcome package sent.
- (5) **Retention Center.** Applicant makes outbound telemarketing calls to existing or former customers only for renewal or re-enrollment.

PUBLIC POWER, LLC

Providing Contracted Services

Applicant currently provides customers with affordable green electricity in Ohio.

Providing Billing Statements

Applicant does not provide its own billing statements. It provides consolidated billing with the utility.

Responding to Customer Inquiries and Complaints

Applicant operates an in-house telephone customer care center to answer any questions that customers may have. When a customer calls in with a question or complaint, the customer service representative will work with them to address any issue or problem. If the customer asks to have their enrollment cancelled, the customer service representative processes it immediately.

Any complaints or questions that are not resolved by the customer care representatives are then escalated to the Compliance Department. The Compliance Investigators serve as the primary point of contact for complaint resolution. Once Applicant's Compliance Department receives a customer complaint, an Investigator contacts the complaining party and gathers all pertinent information. Applicant then works with the customer to reach a mutually agreeable resolution with the goal of achieving customer satisfaction.

EXHIBIT B-3

"Disclosure of Liabilities and Investigations," provide a description of all existing, pending or past rulings, judgments, contingent liabilities, revocation of authority, regulatory investigations, or any other matter that could adversely impact the applicant's financial or operational status or ability to provide the services it is seeking to be certified to provide.

Please refer to Exhibit B-3.

Exhibit B-3: REGULATORY ACTIONS**Ambit Northeast, LLC**

Ohio Public Utility Commission – The Ohio Public Utility Commission (“PUCO”) sent a Notice of Probable Non-Compliance to Ambit Northeast regarding alleged invalid enrollments by Ambit Independent Consultants on October 19, 2018. All the corrective actions proposed by the PUCO were implemented, and Ambit agreed to a forfeiture of \$21,000. The settlement was filed on March 7, 2019, and approved by the PUCO on May 1, 2019.

Ambit New York, LLC

New York Department of Public Service – On May 21, 2015, the New York Department of Public Service (“NYDPS”) formally opened an investigation due to a spike in complaints received against Ambit New York, LLC. This issue was officially closed with the NYDPS on January 20, 2016 with a voluntary payment to New York customers by Ambit of \$1.2 million.

New York Attorney General - On March 25, 2015, the New York Attorney General issued a subpoena duces tecum regarding its investigation into the practices of Ambit New York, LLC which was related to the same issues and complaints raised by the NYDPS's investigation. A settlement was reached December 20, 2018, and Ambit New York, LLC was required to pay a penalty in the amount of \$1.5 million dollars.

Ambit Texas, LLC

Texas Public Utility Commission - The Texas Public Utility Commission (“PUCT”) opened an investigation into Ambit Texas, LLC regarding Ambit's Standard Plan product. Ambit voluntarily terminated the Ambit Standard Plan effective December 21, 2017. A settlement was reached and approved on November 18, 2018 which required Ambit to pay a penalty of \$160,000.

Public Power LLC

Pennsylvania Public Utility Commission – Prior to Public Power becoming affiliated with Cirus Energy, Public Power was investigated by the Bureau of Investigation and Enforcement of the Pennsylvania Public Utility Commission (“PUC”) for alleged unauthorized customer enrollments during July 2011. It was found that a data entry error by a third-party telemarketer acting on behalf of Public Power caused the invalid enrollments. Upon discovery of the mistake, Public Power contacted and worked cooperatively with the utility to rescind the transfers. On December 19, 2013, the PUC unanimously approved a settlement of \$64,450 plus customer refunds totaling \$22,161.68.

Public Power LLC

Pennsylvania Public Utility Commission – The Public Utilities Regulatory Authority (“PURA”) investigated customer complaints that Public Power received during 2012. The vast majority of these complaints were the result of enrollments that took place before the Cirus Energy management team took over management of Public Power. The purpose of the investigation was to determine whether Public Power engaged in any unfair or deceptive trade practices. PURA issued a decision, on January 20, 2016, finding that Public Power had instituted a series of protocols and policies to improve and better monitor operations and had largely complied with all applicable statutes and regulations, but imposed a penalty of \$13,000 for concerns with three customers' third-party verifications and not keeping records of all incoming call center complaints.

Public Power LLC

Pennsylvania Public Utility Commission – When Cris Energy took over management of Public Power in January 2013, it made the decision to discontinue a legacy Public Power product (“Legacy Product”). The employee responsible for monitoring the remaining customers on the Legacy Product left his position and as a result, Cris Energy was unaware that 50 customers remained on the Legacy Product. The Bureau of Investigation and Enforcement of the Pennsylvania Public Utility Commission (“BIE”) opened an investigation to determine whether customers that had enrolled in the Legacy Product received its full benefit. During the investigation, Public Power discovered that 50 customers had not received the full benefit and proactively issued \$6,558.21 in total customer refunds. In addition, on October 21, 2015, Public Power entered into a settlement agreement of \$72,500, to resolve the matter, which was approved by the Pennsylvania Public Utility Commission on May 19, 2016.

TriEagle Energy LP

Public Utility Commission of Texas – Prior to TriEagle becoming affiliated with Cris Energy, TriEagle received a compliance audit from the Oversight and Enforcement Division of the Public Utility Commission of Texas (“PUCT”) which found that TriEagle’s online enrollment website, bill and contract documents were missing required elements. TriEagle fully cooperated in the audit and selfreported the majority of the noted violations. On April 27, 2012, the PUCT approved a settlement agreement containing an administrative penalty of \$36,000.

TriEagle Energy LP

Public Utility Commission of Texas – Prior to TriEagle becoming affiliated with Cris Energy, the Electric Reliability Council of Texas found that TriEagle had not retired 89 renewable energy credits prior to the March 31, 2013 deadline. TriEagle fully cooperated with the Public Utility Commission of Texas’s (“PUCT”) investigation and on October 3, 2014, the PUCT approved an administrative penalty of \$4,450 to address TriEagle’s operational oversight.

Viridian Energy, LLC

Connecticut Public Utilities Regulatory Authority – In February 2015, the Public Utilities Regulatory Authority (“PURA”) issued a decision noting that it had received consumer complaints alleging that (1) Viridian Energy automatically renewed customers to a fixed rate contract at the end of a previous contract without customer consent and authorization; and (2) if the consumer cancelled during the renewed contract, an early termination fee was assessed. Viridian Energy provided a response indicating that it complies with Conn. Gen. Stat. §18-245o(h)(8), which allows for auto-renewed fixed rate contracts and the assessment of early termination fees on these contracts. On August 12, 2015, PURA issued a final decision noting that Viridian Energy made a good faith effort to comply with the regulations. PURA requested that Viridian Energy refund all early termination fees where it could not pinpoint the exact date that the customer cancelled, and as a gesture of goodwill, Viridian Energy refunded all early termination fees collected from the 121 customers that had cancelled automatically renewed contracts.

Viridian Energy, LLC

Massachusetts Attorney General’s Office – On June 2, 2015, the Massachusetts Attorney General’s Office (“AGO”) served Viridian Energy with a Civil Investigative Demand. In March 2018, the AGO and Viridian Energy reached a settlement which took effect on May 1, 2018. The AGO believed that it had claims against Viridian Energy for the door-to-door marketing efforts it engaged in during a few months in the Fall 2014 – Spring 2015 and for the marketing of its variable rate and 3-year fixed rate product. Viridian denied

all wrongdoing but in full settlement of the matter agreed to: reimburse the AGO for its costs during the investigation, make a contribution to the Massachusetts General Fund, and set up a restitution fund for consumers.

Public Power & Utility of New Jersey, LLC, TriEagle Energy LP and Viridian Energy PA LLC

New Jersey Board of Public Utilities – Public Power & Utility of New Jersey, LLC, TriEagle Energy LP and Viridian Energy PA, LLC (collectively the “NJ Suppliers”) submitted its annual RPS compliance report on October 31, 2016 using data that reflected its actual retail electricity sales in New Jersey, instead of the electricity sales data listed in PJM-Environmental Management System Generator Attribute Tracking System (“GATS”). The New Jersey Board of Public Utilities (the “Board”) allows suppliers to use actual retail electricity sales figures but a new process introduced in 2016 required that suppliers explain the discrepancy between the GATS data and its actual retail sales prior to filing the RPS compliance report. Due to a miscommunication, the NJ Suppliers were unaware of this instruction, but communicated with the Board over the next several months to come to an amicable resolution. In an order dated April 21, 2017, the Board directed the NJ Suppliers to pay an Alternative Compliance Payment (“ACP”) in lieu of retiring Renewable Energy Credits (“RECs”). In June 2017, the NJ Suppliers filed a Motion for Reconsideration with the Board requesting that the Board allow the NJ Suppliers to retire RECs to cover its 2016 RPS requirements rather than paying the ACP. NJ Suppliers reached a settlement with Staff that was approved by the Board on October 29, 2018 that allowed the NJ Suppliers to retire the additional RECs and also assessed a \$25,000 administrative penalty against each supplier.

Energy Services Providers, Inc.

Pennsylvania Public Utility Commission – Prior to Energy Services Providers, Inc. (“ESPI”) becoming affiliated with Cirus Energy, ESPI entered into a settlement with the Pennsylvania Office of Consumer Advocate, the Pennsylvania Office of Attorney General and the Pennsylvania Public Utility Commission’s Bureau of Investigation and Enforcement. On March 9, 2016, the Pennsylvania Public Utility Commission (“PUC”) entered a Tentative Form Opinion and Order tentatively approving the settlement. PUC approval of the settlement was deemed final as of March 16, 2016.

U.S. Gas & Electric, Inc., Energy Services Providers, Inc.

Office of the New York State Attorney General – Prior to U.S. Gas & Electric Inc. and Energy Services Providers, Inc. (collectively, the “Company”) becoming affiliated with Cirus Energy, the Office of the New York State Attorney General (the “NYAG”) requested information related to marketing efforts in New York State, and information related to customer complaints and pricing. The Company has fully cooperated with the requests and is currently in communication with the NYAG concerning a fair and equitable resolution of the matter.

U.S. Gas & Electric, Inc., Energy Services Providers, Inc.

New Jersey Attorney General – Prior to U.S. Gas & Electric Inc. and Energy Services Providers, Inc. (collectively, the “Company”) becoming affiliated with Cirus Energy, the Office of the New Jersey Attorney General (the “NJAG”) requested information from the Company regarding customer agreements, pricing and complaints in New Jersey. The Company has fully cooperated with the requests and is awaiting feedback from the NJAG.

U.S. Gas & Electric, Inc., Energy Services Providers, Inc.

Maryland Public Service Commission – On May 15, 2019, the Technical Staff of the Maryland Public Service Commission (“PSC”) filed a complaint against Energy Services Providers, Inc. d/b/a Maryland Gas & Electric and U.S. Gas & Electric, Inc. d/b/a Maryland Gas & Electric (collectively, the “Company”) alleging that the Company had violated Maryland law governing retail suppliers’ activities, and specifically citing 33 consumer complaints received in 2018. On June 18, 2019, Company filed an answer and response with the PSC and on July 12, 2019, the PSC delegated the matter to the Public Utility Law Judge for review.
