# Notice of Proposed Major Utility Facility (New Pipeline Construction)

The East Ohio Gas Company d/b/a Dominion Energy Ohio ("DEO") is planning to install two 1380 horsepower compressor units and appurtenances to existing Augusta measurement and regulation station. The new compressor units and associated appurtenances will be located on property owned by DEO. The new compressor station will be a bi-direction facility capable of discharging gas for delivery to a third party or capable of delivering gas from third party to DEO.

The location of the proposed new compressor station is shown on the map below:

A Letter of Notification (LON) has been filed with the Ohio Power Siting Board (Board) as Case No. 19-2156-GA-BLN in order to construct, operate and maintain the proposed compressor station described above.

The following public officials were served a complete copy of the LON:

Jeffrey L. Ohler, Robert E. Wirkner, and Lewis A. Mickley, Carroll County Board of Commissioners; Carroll County Engineer Brian J. Wise, P.E., P.S; Amanda Tubaug, District Administrator Carroll County Soil & Water Conservation District; and Jeremiah Shipley, Thomas E. McMillan Jr., and Brett Oyer, East Township Trustees.

The LON is available for public inspection at the Carroll County District Library located at 70 Second Street NE, Carrollton, Ohio 44615.

DEO at its office 320 Springside Drive, Suite 320, Akron, OH 44333 also has a complete copy of the Letter of Notification for viewing by members of the public. A copy of the accelerated application is located on DEO's web page at <https://www.dom.com/business/dominion-east-ohio/customer-service/rates-and-regulation/siting-board-filings>. Choose the case number of this case and double click to view the application. Copies of all filings in this case can be located at the Ohio Power Siting Board website at <http://www.opsb.ohio.gov> by scrolling down to "Pending Cases" and selecting the case by name or docket number.

The Ohio Power Siting Board will review the Letter of Notification in accordance with Ohio Revised Code Section 4906.10(A) which states that the Board shall not grant a certificate for the construction, operation, and maintenance of a major utility facility, either as proposed or as modified by the Board, unless it finds and determines all of the following: (1) The basis of the need for the facility; (2) The nature of the probable environmental impact; (3) That the facility represents the minimum adverse environmental impact, considering the state of available technology and the nature and economics of the various alternatives, and other pertinent considerations; (4) In the case of an electric transmission line, that the facility is consistent with regional plans for expansion of the electric power grid of the electric systems serving this state and interconnected utility systems and that the facility will serve the interests of electric system economy and reliability; (5) That the facility will comply with Chapters 3704, 3734, and 6111 of the Revised Code and all rules and standards adopted under those chapters and under Sections 1501.33, 1501.34, and 4561.32 of the Revised Code. In determining whether the facility will comply with all rules and standards adopted under Section 4561.32 of the Revised Code, the board shall consult with the office of aviation of the division of multi-modal planning and programs of the department of transportation under Section 4561.341 of the Revised Code; (6) That the facility will serve the public interest, convenience, and necessity; (7) In addition to the provisions contained in divisions (A)(1) to (6) of this section and rules adopted under those divisions, what its impact will be on the viability as agricultural land of any land in an existing agricultural district established under Chapter 929 of the Revised Code that is located within the site and alternative site of the proposed major utility facility; rules adopted to evaluate impact under Division (A)(7) of this section shall not require the compilation, creation, submission, or production of any information, document, or other data pertaining to land not located within the site and alternative site; and (8) That the facility incorporates maximum feasible water conservation practices as determined by the board, considering available technology and the nature and economics of the various alternatives.

Affected persons may file comments or motions to intervene in accordance with Ohio Administrative Code Rule 4906-2-12 with the Board up to ten (10) days following the publication of this notice. Comments or motions should be addressed to the Ohio Power Siting Board, 180 East Broad Street, Columbus, Ohio 43215-3793 and cite Case No. 19-2156-GA-BLN. Persons may contact the Ohio Power Siting Board at 1-866-270-OPSB (6772) or [contactOPSB@puc.state.oh.us](mailto:contactOPSB@puc.state.oh.us).
