**Re: Guernsey Power Station, LLC,
OPSB Case Nos. 16-2443-EL-BGN**

Dear Ms. Troupe:

The October 5, 2017, Opinion, Order, and Certificate (“Certificate”) approving Guernsey Power Station, LLC (“GPS”) Certificate of Environmental Compatibility and Public Need to Construct the Guernsey Power Station approved the Stipulation which set forth a set of conditions as part of the Certificate.

Within this set of conditions, **Condition No. 18** requires that GPS shall design the stormwater retention pond proposed within the 100-year flood plain such that it would not be overtopped by water during a 100-year flood event. GPS provided the Ohio Power Siting Board Staff with the design plans for the stormwater retention pond on January 24, 2020

If you have any questions please do not hesitate to contact me.

Sincerely,

Dylan F. Borchers
