**Re: Guernsey Power Station, LLC,
OPSB Case Nos. 16-2443-EL-BGN**

Dear Ms. Troupe:

The October 5, 2017, Opinion, Order, and Certificate (“Certificate”) approving Guernsey Power Station, LLC (“GPS”) Certificate of Environmental Compatibility and Public Need to Construct the Guernsey Power Station approved the Stipulation which set forth a set of conditions as part of the Certificate.

Within this set of conditions, **Condition No. 19** requires that GPS provide the Ohio Power Siting Board (“OPSB”) Staff with a description of any planned herbicide use for areas in or near any surface waters.

GPS does not intend to use herbicide for the next phase of construction involving underground utilities and foundation phase of construction. In the event GPS decides to use herbicide for this phase of construction a plan will first be provided to Staff for review and confirmation.

If you have any questions please do not hesitate to contact me.

Sincerely,

Dylan F. Borchers
