**RE: PUCO Case No. 15-1574-EL-BNR
West Milton Substation Expansion
Request to close this case**

Dear Docketing,

This letter will serve as notice that The Dayton Power and Light Company (DP&L) withdraws Case Number 15-1574-EL-BNR. This docket was opened and a Construction Notice (CN) Application was filed with the Ohio Power Siting Board (OPSB) on 9/9/2015. A Staff Report was issued by the OPSB on 10/15/2015 and the project was approved as of 10/22/2015. Since that time, the project was delayed and construction never started. Due to the significant delay, the project was re-filed as Case Number 19-1346-EL-BNR. The CN for this case was filed 9/10/2019 and the OPSB Staff Report was issued on 12/3/2019, which approved the project as 12/10/2019. Therefore, DP&L is not anticipating any further filings of docket 15-1574-EL-BNR and requests that this docket be closed.

If you have any questions or require further information, please contact me.

Respectfully submitted,

ss:/ *Randall V. Griffin*
