Exhibit B-2 "Experience & Plans"

When Meretz Energy initially speaks to a customer, we explain the whole process thoroughly. We don't quote any account without written consent (LOE & LOA). After we get the LOE & LOA, we request the bill and evaluate it. At that point we send out a request for price from all the suppliers we work with that services said utility. Once we have the cheapest rate, we send the customer a proposal, if they want to sign up, they sign the contract. We have a no commitment policy, so that no one feels forced into signing a contract. Once we have a countersign from the supplier, we forward it to the customer. There are also instances where we do not feel it is in the best interest of our customer to be contracted into a rate, and we tell that to our customer.

Our customer's best interest is our best interest. We focus on long term relationships. Our customers have our email address, office number and even cell number, so that if an issue should arise, they can speak to us right away. We are always reachable, and eager to help. We pride ourselves in our customer care.
