Improving natural Gas capacity for Union County.

Autotool Inc, have operated in Union County for over two decades, we have grown along the US 33 Corridor, an impressive growing technical corridor. Our company has natural gas service from Columbia Gas but we are concerned that our future growth plans will be inhibited by a lack of additional gas supply to this area. This not only impacts our company,

but also the numerous other communities that call this community home. We would like to see a long-term regional solution to this capacity issue so our company can continue adding jobs and investment.”

Thank you

Sincerely,
