This Amendment (the "Amendment") amends the Agreement(s) by and between AT&T and Level 3 Communications, LLC as shown in the attached Exhibit A. AT&T and Level 3 Communications, LLC are hereinafter referred to collectively as the "Parties" and individually as a "Party".

WHEREAS, AT&T and Level 3 Communications, LLC are parties to Interconnection Agreements under Sections 251 and 252 of the Communications Act of 1934, as amended (the "Act"), attached hereto in Exhibit A, and as subsequently amended (the "Agreement"); and

NOW, THEREFORE, in consideration of the promises and mutual agreements set forth herein, the Parties agree to amend the Agreement as follows:

1. This Amendment is composed of the foregoing recitals, the terms and conditions, contained within, Exhibit A – Interconnection Agreements, all of which are hereby incorporated in this Amendment by this reference and constitute a part of this Amendment.
2. Replace Section 3.5 in Appendix NIM (Network Interconnection Methods) of the Agreement with the following

3.5 Entrance Facilities

3.5.1 Entrance Facilities are transmission facilities (typically wires or cables) that connect Level 3's network with AT&T's network. Specifically, Entrance Facilities connect Level 3's network from Level 3's Switch or Point of Presence ("POP") within the LATA to the AT&T Serving Wire Center of such Switch or POP.

3.5.2 To resolve Level 3 Communications, LLC asserted claims against AT&T, and AT&T asserted counterclaims against Level 3, in a lawsuit styled Level 3 Communications, LLC, et al. v. Illinois Bell Telephone Company, et al., Case No. 4:13cv1080, in the United States District Court for the Eastern District of Missouri (the "Lawsuit"), Level 3 Communications, LLC may convert an Entrance Facility purchased from an AT&T tariff and/or service guidebook to an Entrance Facility as described in 3.5.3 below only when Level 3 Communications, LLC provides 90 days of verifiable evidence that more than 90% of the traffic sent by Level 3 Communications, LLC over the particular Entrance Facility is 251(b)(5) Traffic ("Convert"). If Level 3 Communications, LLC submits an order to Convert an Entrance Facility but fails to provide verifiable evidence, or the verifiable evidence fails to demonstrate the 90% standard, then AT&T may reject such order. If Level 3 Communications, LLC submits an order to Convert an Entrance Facility subject to the Lawsuit, AT&T will either waive or credit any Early Termination Fees or Non-Recurring Charges associate with the Conversion order. This Section 3.5.2 only applies to the facilities that were in dispute in the Lawsuit.

3.5.3 Level 3 Communications, LLC may purchase "existing" Entrance Facilities at the rates set forth in the Pricing Sheet(s), when used only for interconnection within the meaning of Section 251(c)(2) of the Act and 47 C.F.R. § 51.5, which for avoidance of doubt includes interconnection for the exchange of Optional EAS Traffic. Additionally, the Parties agree that Entrance Facilities may be used for the transmission and routing of transit traffic. An Entrance Facility is "existing" if the facility is present in AT&T's network when Level 3 Communications, LLC submits an Access Service Request ("ASR") requesting the Entrance Facility and no special construction is required. Level 3 Communications, LLC

may not purchase Entrance Facilities for Mixed Use, i.e., Entrance Facilities used in part in compliance with the foregoing and in part for other purposes ("Mixed Use"), for the rates set forth in the Pricing Sheet(s). Such Mixed-Use facilities will not be provided pursuant to this Agreement as amended but may be provided pursuant to the applicable AT&T tariff and/or service guidebook.

- 3.5.4 Level 3 Communications, LLC may not use Entrance Facilities obtained pursuant to this Agreement for any other purpose, including without limitation (i) as unbundled network elements under Section 251(c)(3) of the Act, (ii) for backhauling traffic (e.g., to provide a final link in the dedicated transmission path between Level 3 Communications, LLC's customer and Level 3 Communications, LLC's switch, or to carry traffic to and from its own end users) or (iii) E911, Operator Services and Directory Assistance, and Meet Point Trunk Groups.
 - 3.5.5 If AT&T determines that Level 3 Communications, LLC is sending traffic over an Entrance Facility other than as set forth in Sections 3.5.2 or 3.5.3, AT&T shall notify Level 3 Communications, LLC of such non-compliance, and Level 3 Communications, LLC shall cure such non-compliance within 45 days of such notice. If Level 3 Communications, LLC does not cure such non-compliance within 45 days, notwithstanding other terms of the Agreement, AT&T reserves its rights to convert any non-compliant facility to the equivalent month-to-month switched access rates and back bill the difference between such rates and the Entrance Facility rates to the date of such notice.
3. Delete Section 6 of Amendment – Entrance Facility, which contains reservation of rights language and was executed between the Parties in 2015.
 4. This Amendment shall be deemed to revise the terms and provisions of the Agreement only to the extent necessary to give effect to the terms and provisions of this Amendment. In the event of a conflict between the terms and provisions of this Amendment and the terms and provisions of the Agreement (including all incorporated or accompanying Appendices, Addenda, and Exhibits to the Agreement), this Amendment shall govern, provided, however, that the fact that a term or provision appears in this Amendment but not in the Agreement, or in the Agreement but not in this Amendment, shall not be interpreted as, or deemed grounds for finding, a conflict for purposes of this Amendment.
 5. EXCEPT AS MODIFIED HEREIN, ALL OTHER TERMS AND CONDITIONS OF THE UNDERLYING AGREEMENT SHALL REMAIN UNCHANGED AND IN FULL FORCE AND EFFECT.
 6. Signatures by all Parties to this Amendment are required to effectuate this Amendment. This Amendment may be executed in counterparts. Each counterpart shall be considered an original and such counterparts shall together constitute one and the same instrument.
 7. For Illinois, Indiana, Kansas, Michigan, Missouri, Nevada, Oklahoma, Texas: This Amendment shall be filed with and is subject to approval by the applicable state Commission and shall become effective ten (10) days following approval by such Commission. For Arkansas: This Amendment shall be filed with the Arkansas Public Service Commission and shall become effective upon filing. For Ohio: Based on the Public Utilities Commission of Ohio Rules, the Amendment is effective upon filing and is deemed approved by operation of law on the 91st day after filing. For California: Pursuant to Resolution ALJ 257, this filing will become effective, absent rejection of the Advice Letter by the Commission, upon thirty (30) days after the filing date of the Advice Letter to which this Amendment is appended. For Wisconsin: Pursuant to Wisconsin Statute § 196.40, this Amendment shall become effective ten (10) days after the mailing date of the final order approving this Amendment.
