On February 21, 2020, the Public Utilities Commission of Ohio (“Commission”) issued an Entry ordering the parties to this action to file a report regarding the status of the proceeding. Specifically, the parties were directed to indicate whether settlement negotiations are still ongoing. The Dayton Power and Light Company (“DP&L”) states that settlement negotiations are still ongoing, which appears to align with the Complainant’s case status update filed on March 10, 2020. DP&L will continue to keep the Commission apprised of further settlement developments and/or the need to pursue litigation in this matter.
