The ARC is calculated by application of a percentage to each customer's total monthly recurring charges (MRCs). - access enhanced 911 Emergency Service where available;
- access the interexchange carrier selected by the Customer for interLATA, intraLATA, interstate or international calling;

3.1.1 Access Recovery Charge

The Access Recovery Charge (ARC) is a monthly surcharge assessed to business customers (this surcharge will not apply to residential customers) in order to recover materially increased costs resulting from regulations adopted by the Federal Communications Commission in the *Matter of Unbundled Access to Network Elements and Review of the Unbundling Obligations of Incumbent Local Exchange Carriers*, (CC Docket 01-388 and WC Docket 04-313). The ARC is calculated by application of a percentage to each customer's total monthly recurring charges (MRCs). The ARC percentage to be applied will be determined by the customer's total MRCs on its monthly invoice. The chart below shows the ARC percentage that will be applied based on the MRCs

Case No. - 20-0719-TP-ATA**

To Whom It May Concern:

Please find enclosed original copy of revisions to XO Communications Services, Inc. ("XO"), P.U.C.O. Tariff No. 5. These revisions introduce grandfathering language for Federal, State and Local Government Agencies, and Educational Institutions. Please note that customers have been advised of this change via bill message (attached) prior to the onset of coronavirus. The services subject to the grandfathering have been of declining interest to our customers for some time now. Grandfathering these services should not negatively impact any of our Federal, State or Local Government Agency or Educational Institution customers during this unprecedented situation. Therefore, we are proceeding to file these tariff revisions consistent with our bill message and with the understanding that are not desired by our customers. Should any existing customer find it needs to make a move, addition or change regarding a grandfathered service during the duration of any federal or state executive order declaring a state of public health emergency, XO Communications Services, LLC is committed to working with those customers to offer the service past the effective date of the tariff revision, or to find an alternative service through another Verizon provider, to ensure our customers' business operations can continue uninterrupted during the crisis. We understand how important it is for people to stay connected, especially during this difficult time for our Nation.
