Dear Board Members,

Now more than ever, Ohio needs productive investments like the Emerson Creek Wind Farm. I apologize for the cliched phrase, but it's very true.

Ohio's budget faces big challenges, as do local governments. Even before the pandemic and necessary closure of many businesses, weather and tariffs were harming the local economies in Erie and Huron Counties.

Combined with the benefits to all, from additional clean energy, now's the time to welcome investments like this to Ohio. Please issue a permit to the Emerson Creek Wind Project:

Case number: 18-1607-EL-BGN
Applicant: Firelands Wind, LLC

Thank you for your attention to this important opportunity for Ohio's future,

Matt Kuhns
