

# Memo

To: Docketing Division

From: Jill Henry, Rail Specialist, Rail Division

Cc: PUCO Legal Department

Date: 4/22/2020

Re: PUCO Case No. 16-2181-RR-FED- In the Matter of a Request for the Installation of New Active Warning Devices at the Norfolk Southern Railway Railroad Crossings, Albany Street DOT# 524-626D & Washington Street DOT#524-622B, in Montgomery County, Ohio.

---

On October 31, 2016, the Ohio Rail Development Commission (ORDC) authorized construction for Norfolk Southern to upgrade active warning devices at the following location:

Street	DOT#	County	Project
Washington Street	524-622B	Montgomery	Lights and Gates
Albany Street	524-626D	Montgomery	Lights and Gates

On December 21, 2016, the Commission issued a Finding and Order approving the project and ordering completion by December 21, 2017. The case was placed into abeyance, on December 20, 2017, until CSX completed work on the adjacent track (under Case 17-2292-RR-FED) in March 2019. Norfolk Southern then completed the project work and put the devices in service.

The crossing project has been completed and is in-service as follows:

Street	DOT#	County	Date of Completion
Washington Street	524-622B	Montgomery	3/5/2019
Albany Street	524-626D	Montgomery	11/13/2018

Accordingly, the above case may be closed.
