(FirstEnergy)
Case No. 20-568-EL-RDR**

Background

On March 26, 2020, First Energy filed its proposed Rider GEN tariffs in Case No. 20-568-EL-RDR. The proposed tariffs were filed in response to and in compliance with the Commission Opinion and Order in Case No. 14-1297-EL-SSO dated March 31, 2016 (ESP IV Order), the Finding & Order dated May 25, 2016 in Case No. 16-541-EL-RDR and Finding & Order dated February 13, 2020 in Case No. 16-936-EL-UNC.

The proposed tariffs include Standard Service Offer (SSO) generation rates, Time of Day (TOD) generation rates and Percentage of Income Payment Plan (PIPP) generation rates. The proposed SSO and TOD rates include the results of the most recent auction held January 28, 2020, approved by the Commission on January 29, 2020 in Case No. 16-776-EL-UNC. The proposed PIPP generation rate reflects the results of the PIPP auction held February 11, 2020 and approved by the Commission on February 13, 2020.

The proposed tariffs will become effective on June 1, 2020.

Staff Review and Recommendations

Staff has reviewed the proposed tariffs filed on March 26, 2020 and finds that the tariffs appear to be in compliance with Commission Orders and accurately reflect all relevant auctions, including the most recent January 28, 2020, and February 11, 2020, auction results.

Conclusion

The Staff recommends that the proposed tariffs filed on March 26, 2020, be approved and become effective on a service rendered basis on June 1, 2020.
