### **Exhibit D-1 Operations**

Daybreak Energy LLC provides brokerage services, energy consulting, planning and management services. Our target market is small business, commercial and industrial customers in Ohio. We do not take title to natural gas prior to consumption by the end user. The natural gas supplier is responsible for nominating, scheduling and billing the customer.

### **Exhibit D-2 Operations Expertise**

Thomas McCune, owner of Daybreak Energy LLC has over 16 years of experience as a sales professional in Ohio's deregulated energy markets. During that time Mr. McCune has employed expertise in a consultative, solutions oriented approach to business, resulting in a steadily growing base of long term client relationships. Mr. McCune has focused on strategies and products that most benefit the customer and optimize their energy spend. In addition, Mr. McCune has developed a wealth of knowledge of the Ohio energy market, having been directly involved with 3 energy suppliers, running his own company which brokers for multiple certified suppliers and having worked behind several utilities. He has developed numerous relationships with energy professionals throughout the state. Through the years, Mr. McCune has attended numerous sales and management training seminars as well as intensive training workshops specific to the Ohio energy market and Customer Choice programs. He is a sales professional committed to high standards of integrity and delivering quality and value in business transactions.
