Subject: Wind turbines

I grew up in Seneca County Ohio. My family had a Centennial Farm there. My Grandfather, Art Hansen, was a prize winning Guernsey Breeder. The thought of these wind turbines being spread across that beautiful farmland to destroy the appearance of it and kill our wonderful birds and bats makes me ill, and would have my Grandfather rolling in his grave. Please put an end to these ridiculous notions of wind turbines in Northern Ohio. We don't want them. The power they supply is not worth destroying our farmland.

Thank-you for listening. Put the money toward supporting Davis Besse. That is the most bang for our energy buck.
