---

On October 19, 2017, the Ohio Rail Development Commission (ORDC) authorized construction for Norfolk Southern to upgrade active warning devices at the following location:

Market St/SR 226	503-082A	Holmes	Lights and Gates

On December 13, 2017, the Commission issued a Finding and Order approving the project and ordering completion by September 13, 2018. There were power installation and PTC implementation crew limitations that delayed construction and extensions were granted until March 4, 2019.

The crossing project has been completed and is in-service as follows:

Street	DOT#	County	Date of Completion
Market St/SR 226	503-082A	Holmes	2/19/2019

Accordingly, the above case may be closed.
