**BOARD OF TRUSTEES
WHITEWATER TOWNSHIP, HAMILTON COUNTY, OHIO**

RESOLUTION #2015-14

**A Resolution Authorizing All Actions Necessary to Effect a Governmental
Electricity Aggregation Program with Opt-Out Provisions Pursuant to Section
4928.20, Ohio Revised Code, Directing the Hamilton County Board of Election to
Submit a Ballot Question to the Electors**

The Board of Trustees of Whitewater Township, Hamilton County, Ohio met in regular session on the 16th day of November 2015, at the Community Center in Whitewater Township with the following members present:

Hubert Brown	<u>PRESENT</u>
Doug King	<u>PRESENT</u>
Lawanda Corman	<u>PRESENT</u>

TRUSTEE BROWN moved for the adoption of the following resolution:

Whereas, the Ohio Legislature has enacted electric deregulation legislation which authorizes the legislative authorities of municipal corporations, townships and counties to aggregate automatically, pursuant to Section 4928.20 of the Ohio Revised Code, subject to opt-out provisions, competitive electric service for the retail electric loads located in the respective jurisdictions and to enter into service agreements to facilitate the sale and purchase of the service for the electricity loads; and

Whereas, such legislative authorities may exercise such authority jointly with any other legislative authorities; and

Whereas, governmental aggregation provides an opportunity for residential and small business customers collectively to participate in the potential benefits of electricity deregulation through lower electric rates which they would not otherwise be able to have individually; and

Whereas, this Board seeks to establish a governmental aggregation program with opt-out provisions pursuant to Section 4928.20, Ohio Revised Code (the "aggregation Program"), for the residents, businesses and other electric consumers in the Township and in conjunction jointly with any other municipal corporation, township, county or other political subdivision of the State of Ohio, as permitted by law.

Now, Therefore, Be It Resolved by the Board of Trustees of Whitewater Township, Hamilton County, Ohio:

Section 1: This Board finds and determines that it is in the best interest of Whitewater Township, its residents, businesses and other electric consumers located within the limits of Whitewater Township to establish the Aggregation Program in the Township. Provided that this Resolution and the Aggregation Program is approved by the electors of Whitewater Township pursuant to Section 2 of this Resolution, Whitewater Township is

hereby authorized to aggregate in accordance with Section 4928.20, Ohio Revised Code, the retail electrical loads located within Whitewater Township, and, for that purpose, to enter into service agreements to facilitate for those loads the sale and purchase of electricity. Whitewater Township may exercise such authority jointly with any other municipal corporation, township or county or other political subdivision of the State of Ohio to the full extent permitted by law. The aggregation will occur automatically for each person owning, occupying, controlling, or using an electric load center proposed to be aggregated and will provide for the opt-out rights described in Section 3 of this Resolution.

Section 2: The Board of Elections of Hamilton County is hereby directed to submit the following question to the electors of Whitewater Township at the primary election on March 15, 2016.

“Shall the Township of Whitewater have the authority to aggregate the retail electric loads located in the Township, and for that purpose, enter into service agreements to facilitate for those loads the sale and purchase of electricity, such aggregation to occur automatically except where any person elects to opt out?”

The Fiscal Officer of this Board is instructed immediately to file a certified copy of this Resolution and the proposed form of the ballot question with the County Board of Elections not less than ninety (90) days prior to March 15, 2016. The Aggregation Program shall not take effect unless approved by a majority of the electors voting upon this Resolution and the Aggregation Program provided for herein at the election held pursuant to this Section 2 and Section 4928.20 of the Ohio Revised Code.

SECTION 3. Upon the approval of a majority of the electors voting at the election provided for in Section 2 of this Resolution, this Board individually or jointly with any other political subdivision, shall develop a plan of operation and governance for the Aggregation Program. Before adopting such plan, this Board shall hold at least two public hearings on the plan. Before the first hearing, notice of the hearings shall be published once a week for two consecutive weeks in a newspaper of general circulation in the Township. The notice shall summarize the plan and state the date, time, and location of each hearing. No plan adopted by this Board shall aggregate the electrical load of any electric load center within the Township unless it in advance clearly discloses to the person owning, occupying, controlling, or using the load center that the person will be enrolled automatically in the Aggregation Program and will remain so enrolled unless the person affirmatively elects by a stated procedure not to be so enrolled. The disclosure shall state prominently the rates, charges, and other terms and conditions of enrollment. The stated procedure shall allow any person enrolled in the Aggregation Program the opportunity to opt out of the program every three years without paying a switching fee. Any such person that opts out of the Aggregation Program pursuant to the stated procedure shall default to the standard service offer provided under division (a) of Section 4928.14 or division (d) of Section 4928.35, Ohio Revised Code until the person chooses an alternative supplier.

SECTION 4. This Board finds and determines that all formal actions of this Board concerning and relating to the adoption of this Resolution were taken in an open meeting of this Board in accordance with Section 121.22 of the Ohio Revised Code, and that all deliberations of this Board and of any committees that resulted in those formal actions were in meetings open to the public in compliance with the law.

SECTION 5. This resolution is hereby declared to be an emergency measure for the health, safety, and welfare of the citizens of Whitewater Township and shall take effect immediately. The emergency is necessary in order to meet the filing deadline with the Hamilton County Board of Elections.

SECTION 6. Notice of the adoption of this Resolution shall be given once by publishing the title of the Resolution in an abstract prepared by the Administrator of Whitewater Township.

Trustee Corman seconded the motion, and the roll was called on the question of its adoption. The vote was as follows:

PLAN OF OPERATION AND GOVERNANCE

Whitewater Township (Hamilton County) Electric Governmental Aggregation

Introduction. On March 15, 2016, a majority of the voters in Whitewater Township, Ohio, in the County of Hamilton, approved a referendum that authorized Whitewater Township (the “Township”) to pursue Governmental Aggregation. After the Township held 2 public hearings on the matter, the Township approved this Plan of Operation and Governance as prescribed by Section 4928.20(C) of the Ohio Revised Code. The Township has developed this Plan of Operation and Governance (“Plan of Operation”) in accordance with the governmental aggregation provisions in Section 4901:1-21-16 of the Ohio Administrative Code. Once certified as a Governmental Aggregator, the Township will be authorized to combine multiple retail electric customer loads within its geographic boundaries (the “Aggregation”) for the purpose of facilitating the purchase of electric supply in Ohio's competitive retail electric market.

Governmental Aggregation Services. The Township, as a Governmental Aggregator, will serve as purchasing agent for the Aggregation. As purchasing agent, the Governmental Aggregator shall (i) select a Competitive Retail Electric Service Provider (“Provider”) to supply the Aggregation, (ii) negotiate the terms of supply between the Provider and each Aggregation participant, and (iii) oversee the enrollment procedures administered by the Provider.

The Contract. The supply contract negotiated by the Governmental Aggregator for the Aggregation (the “Contract”) shall be for firm, full-requirements supply. Each Aggregation participant will be individually bound to the Provider by the terms of the Contract, and will be solely responsible for payment and performance. The electric supply charges for Aggregation are included in the Contract that will be negotiated by the Governmental Aggregator. The electric supply charges will take the form of a fixed price charge or a variable price charge (% off Price To Compare). All electric supply charges will be fully and prominently disclosed in consumer enrollment materials (such as the Opt-Out Notice), available on the Provider's website, and available by calling the Provider's toll free customer service telephone number. The surcharge authorized under Section 4928:20 will not be charged.

Eligibility, Opt-out Disclosures, and Pooling Accounts. Section 4901:1-21-06 of the Ohio Administrative Code requires Duke Energy, the local electric distribution utility (the “Utility”), to use its best efforts to provide the Governmental Aggregator with an account list of eligible customers, including the names, account numbers, and service and mailing addresses for all eligible customers residing within the Governmental Aggregator's boundaries. The following customers are not eligible: customers already under contract with a certified electric services company; customers that have a special contract with the Utility; customers that are not located within the Governmental Aggregator's boundaries; customers on the Percentage of Income Payment Plan (PIPP); customers that have past due amounts owing to the Utility; and mercantile customers. In addition, the Township intends to include in the Aggregation only those residential and non-mercantile customers with a demand of less than 200 KW and a load profile consistent with ordinary residential and small commercial use. Using this list of eligible accounts, the Provider, with the assistance of the Governmental Aggregator, will review the list to verify that the eligible accounts are located within the geographic boundaries of the Township and that an area within the Township boundaries has not been inadvertently filtered from the list. The Provider will also remove from the eligible list those customers who appear on the “do not aggregate” list as stated under division (c) of Section 4928.21 of the Revised Code. Finally, the Provider will reduce the list by removing those accounts in rate classes that indicate (i) a higher demand than targeted for the Aggregation or (ii) a usage profile that is not consistent with ordinary residential and small commercial use.

Within thirty (30) days of receipt of the list from Duke Energy, the Provider, with assistance from the Governmental Aggregator, will prepare and mail an “Opt-Out Notice” to each account that remains on the eligible list after it has been reduced as noted above. The Opt-Out Notice will inform the eligible account holder that the Governmental Aggregator has formed an automatic (or “Opt-Out”) aggregation, provide the price for the electric supply to the Aggregation and other terms and conditions of service, and explain how the account holder can decline participation in the Aggregation. If the Township determines the Aggregation participants should not purchase stand-by service from the Utility, that fact would be prominently disclosed in the Opt-Out Notice with a description of how it would impact the Aggregation participants.

As required by 4901:1-21-17 of the Ohio Administrative Code, the Opt-Out Notice will indicate that the account holder has 21 (twenty-one) days to affirmatively respond by telephoning a toll-free number or returning a postcard to the provider that is included in the Opt-Out Notice.

The Provider will receive all Opt-out requests and any Opt-out Notices that were undeliverable by mail, and will remove those accounts from the eligible account list. Upon completion of the 21-day Opt-Out period, the Provider will notify the Utility of the remaining accounts that will form the Aggregation, and through an electronic data interchange transaction, enroll the Aggregation. Upon enrollment, each participant will receive an enrollment notice from the Utility that will indicate that the enrollee may rescind its participation in the Aggregation by contacting the Utility within seven (7) calendar days.

In addition to the initial 21-day Opt-Out period, each participant will be provided an opportunity to opt-out every three years without paying an early termination fee.

Billing. Aggregation participants will receive a single monthly bill from the Utility, which will include charges from the Provider for its electric supply as well as the Utility distribution charges. Aggregation participants will be billed according to their Utility billing cycle. In order to maintain flexibility for Aggregation participants to return to Utility service on a full requirements basis without paying additional charges to the Utility or being subject to market-based rates Aggregation, participants will be billed by the Utility for stand-by service within the meaning of division (B)(2)(d) of section 4928.143 of the Revised Code.

Credit, Collections and Deposits. The Utility's credit and collection policy and policies regarding deposits will apply to the Aggregation participants and shall be administered by the Utility. Neither the Governmental Aggregator nor the Provider will implement additional policies with respect to credit, deposits and collections.

Concerns and Complaints. Aggregation participants will have multiple means of communicating concerns and reporting complaints. As a general rule, concerns regarding service reliability and billing should be directed to the Utility. The Utility will continue to read meters, handle billing, and generally have the most information about the physical service to a location or account. Questions regarding the administration of the Aggregation should be directed to the Provider. The Provider's customer service center will be available by telephone Monday through Friday, 8:00 am - 7:00 pm ET. Any unresolved disputes should be directed to the Public Utilities Commission of Ohio and/or the Ohio Consumers Council. As a convenience, below is a list of helpful toll free telephone numbers.

The Provider will attempt to resolve all customer complaints in a timely and good faith manner. The Provider shall investigate and provide a status report to the customer when the complaint is made directly to them and/or the Township within three (3) business days following Provider's receipt of the complaint. Or in the case of a Public Utilities Commission of Ohio ("PUCO") complaint, the Provider will investigate and provide a status report to the customer and PUCO staff within three (3) business days following the Provider's receipt of the complaint. If an investigation into a complaint received from the customer or a complaint referred by the PUCO is not completed within ten (10) business days, then a status report will be given to the customer, and, if applicable, the PUCO. These status reports will be given every three (3) business days until the investigation is complete, unless the action that must be taken takes longer than three (3) business days and the customer has been notified. Final results of a PUCO-referred complaint will be provided to the PUCO either orally (phone) or in writing (e-mail, written correspondence), no later than three (3) business days after the investigation is completed. The final results will be provided in writing to the customer no later than three (3) business days after the investigation is completed. Customers retain the right to contact the PUCO regarding complaints and disputes. All customers have the right to contact the PUCO by writing to Public Utilities Commission of Ohio, Attn: IAD, 180 E. Broad St., Columbus, OH 43215-3793; by fax to (614) 752-8351; through their website at www.puc.state.oh.us or by calling toll free (800) 686-7826 (VOICE) or 711 (ITY-TDD). Records of customer complaints will be retained for two (2) years after the occurrence of the complaint. A copy of the complaint record will be provided to the PUCO within three (3) business days if requested.

Moving within the Township. An aggregation participant who moves from one location to another within the Township boundaries and retains the same account number will remain an Aggregation participant and will receive the same price it would have received if its location had not moved.

An aggregation participant who moves from one location to another within the Township boundaries and is assigned a new account number may enroll its new account in the Aggregation and receive the same price it would have received if its location had not moved, provided the new account is eligible for Aggregation. An aggregation participant who moves within the Township and receives a new account number may be dropped from the Aggregation by the Utility, but it will not be charged an early termination fee from the Provider. If a participant is dropped from the Aggregation due to a move within the Township, the participant must contact the Provider to be re-enrolled within 60 days of being dropped.

Moving outside of the Township. An aggregation participant who moves out of the Township boundaries will no longer be eligible to participate in the Aggregation, and it will not be charged an early termination fee from the Provider.

Enrolling after the Opt-Out Period. Residential and small business accounts located within the Township's boundaries that were initially eligible to join the Aggregation, but chose to Opt-Out of the Aggregation, or otherwise were not included in the Aggregation may join the Aggregation after the expiration of the initial Opt-Out Period by contacting the Provider. The rate for those joining the Aggregation after the expiration of the Opt-Out Period may be different from the rate negotiated for the Aggregation by the Governmental Aggregator.

If the Provider is able to offer to newly eligible customers the same price that is provided to the current Aggregation participants, the Provider may refresh the Aggregation by providing those who move in to the Township the opportunity to be included automatically, rather than waiting until the next pricing term of the Contract. The process for refreshing the Aggregation with new enrollments would follow the process

noted above for determining eligibility, providing Opt-Out Notices, and pooling the accounts. (Current Aggregation participants and those who previously declined participation would not receive the Opt-Out Notice intended only for newly eligible customers.).

Welcome to the
Whitewater Township
Electric Aggregation Program

Hi <Contact_First_NM>,

<<Post Mark Date>>

We are pleased to let you know that your community of the Whitewater Township has chosen Dynegy to be the preferred electricity supplier for you and your neighbors through its Electric Aggregation Program. In March 2016, your community gave the Township Trustees the authority to negotiate the most favorable electricity supply rate and terms for you. We are very proud to have been chosen to serve you!

Here's What You Can Expect

- The program is simple! You're automatically enrolled and there's no enrollment, switching or early termination fee.
- You'll receive a guaranteed, fixed rate of 4.79¢ per kWh through your November 2022 meter read.
- Nothing will change! Continue to receive one monthly bill from your local utility, Duke Energy. You'll notice that Dynegy will now show as a line item for the supply portion on your bill.
- Duke Energy will send you a confirmation letter after your enrollment is finalized.

ABOUT THE PROGRAM

What is an Electric Aggregation Program?

Aggregation is an opportunity for cities, townships and counties to negotiate competitive electricity supply rates and provide budget stability for their residents and small businesses.

First, residents must vote to give their community officials the ability to negotiate electricity rates for their community. Once a referendum is passed, communities are able to aggregate and elected officials can work with alternative energy suppliers to negotiate competitive electricity rates.

How was Dynergy chosen as the supplier?

Your community implemented a formal process where proposals from multiple suppliers were submitted for consideration. Dynergy was selected to be your preferred electricity supplier.

ELIGIBILITY AND ENROLLMENT

Who is eligible to participate?

Residential and small business customers located in your community may participate. Customers enrolled with an alternative retail supplier will not be included in the initial program; however, they can call to be enrolled. Customers enrolled in PIPP (Percentage of Income Plan) are not eligible for the program.

How do I enroll?

It's simple. It's automatic. Unless you "opt-out" of the program, all eligible customer accounts within your community boundaries will be enrolled in the program as long as you are not participating in one of the programs mentioned above. You will receive a "switch" letter from your local utility company, confirming your enrollment.

Do I have to participate in the aggregation program?

All eligible local utility company customers within your community will receive an opt-out notification letter via U.S. mail. You may "opt-out" by returning the Opt-Out card or calling Dynergy by the deadline date identified in your notification. If you choose to opt-out, your account remains with your local utility company at their current utility rate.

If I don't want to be a part of the program, why do I have to opt-out?

The voters authorized the community to develop an aggregation program where each resident and small business is automatically enrolled. Therefore, if you prefer not to participate, you must opt out of the program.

What if I decide to opt-out after the opt-out deadlines have passed? You may opt out at any time by notifying us via telephone, email, or mail.

RATE AND TERM INFORMATION

What are the Rates & Terms for this Aggregation Program?

Your competitive rate and terms are explained in your Terms and Conditions. Customers who are enrolled in the program should see the changes on their monthly electricity bill 45 to 60 days after enrollment.

What if my local utility company's rate decreases?

If at any time during the term of your Agreement the local utility company's rates fall lower than the Dynergy price, you will have the option to return to the utility, your local electric company, without penalty.

What happens at the end of the Agreement term?

At the end of the Agreement term, as defined in the Terms and Conditions, you have the option of staying with a new aggregation program, returning to your local utility company, or signing with a new supplier independent of the Aggregation program.

BILLING AND SERVICE

Who will bill me for electricity? Will I get two bills?

You will continue to receive one monthly bill from your local utility company. The bill will include the charges for electricity supplied by Dynergy, as well as the delivery service charges from your local utility company.

Can I still have my payment automatically deducted from my checking account?

Yes, how you pay your bill will not change.

If I'm on budget billing with my utility, can I keep this program?

Dynergy accepts Duke, Ohio Edison, Toledo Edison and The Illuminating Company budget billing programs. If you would like to enroll in budget billing or have any additional questions, please contact your utility directly.

Who do I call to report a power outage or problems with my electric service?

You will continue to call your local utility company for power outages, problems with your service or questions regarding your monthly bill.

Who do I call if I have questions regarding the Aggregation Program?

Dynergy at 888-682-2170 or
DynergyCustomerService@Dynergy.com

The Price includes broker fees, but does not include any applicable taxes, fees or charges related to distribution service from the Customer's electric utility. If DES wishes to lower the Price due to a change in market conditions, DES may do so without Customer's consent provided there are no other changes to the terms and conditions of this Agreement.

4. Length of Contract - As a part of your community's program, your service from DES will commence with your next available meter reading after processing of enrollment by your electric utility, and will continue for the term as specified in the opt-out notification, ending on your meter read for the last month of service.

5. Billing and Payment – The charges for electricity provided by DES will appear on Customer's monthly bill from Customer's electric utility, and is due and payable to Customer's electric utility on the same day the electric utility's bill is due. Customer will incur additional service and delivery charges from the Customer's electric utility. Customer should continue to follow any bill payment procedures between Customer and Customer's electric utility. Customer agrees to accept the measurements as determined by Customer's electric utility for purposes of accounting for the amount of electricity provided by DES under this Agreement. Though DES does not offer budget billing for the electricity provided, the customer may contact the Customer's electric utility to enroll in the utility budget billing program, if applicable. Customer has the right to request from DES, twice within a twelve-month period without charge, up to twenty-four months of the Customer's payment history. The failure to pay electric utility charges may result in Customer being disconnected from service in accordance with the Customer's electric utility tariff.

6. Customer Cancellation or Termination of the Agreement – Customer's electric utility will send Customer a notice confirming the switch to DES for electricity. **CUSTOMER MAY CANCEL THIS AGREEMENT WITHOUT PENALTY WITHIN SEVEN (7) CALENDAR DAYS OF THE POSTMARK ON THE ELECTRIC UTILITY'S CONFIRMATION NOTICE OF THE SWITCH TO DES BY CONTACTING CUSTOMER'S ELECTRIC UTILITY BY TELEPHONE OR IN WRITING IN ACCORDANCE WITH THE CANCELLATION INSTRUCTIONS ON THAT NOTICE.** After the seven-day cancellation period, Customer must contact DES to terminate this Agreement. There is no fee for early termination during any renewal term. Customer may terminate this Agreement without penalty if Customer moves outside of DES's service area or into an area where DES charges a different price for electricity.

7. DES Termination of the Agreement – DES may terminate this Agreement by giving Customer written notice of at least 14 calendar days if the Customer fails to make any payments under this Agreement or fails to meet any agreed-upon payment arrangements. DES may also terminate this Agreement by giving Customer written notice if any Force Majeure Event (See Section 13 of this Agreement), as defined below, physically prevents or legally prohibits DES from performing under the terms of this Agreement. Upon termination of this Agreement, Customer will return to Customer's electric utility for electricity unless Customer has selected another Competitive Retail Electric Service (CRES) provider. The effective date of any termination by Customer or DES will be the next available meter read date after expiration of any required notice period and processing by the electric utility and DES of the return of the Customer to the electric utility. Upon termination by any party for any reason, Customer will remain responsible for all charges for electricity through the date of termination.

8. Environmental Disclosure – This Agreement incorporates the information provided to Customer or made available to Customer at DES's website (DynegyOhio.com) regarding the approximate generation resource mix and environmental characteristics of electricity supply.

9. Assignment – DES may assign, subcontract or delegate all or any part of DES's rights and/or obligations under this Agreement without consent from Customer. Customer shall not assign its rights and/or obligations under this Agreement without the prior written consent of DES.

10. Customer Information – Customer authorizes DES to obtain any information from Customer's electric utility necessary for DES to perform this Agreement, including Customer's account name, account number, billing address, service address, telephone number, standard offer service type, meter readings, when charges hereunder are included on the electric utility's bill, and Customer's billing and payment information from Customer's electric utility. DES is prohibited from disclosing Customer's social security number and/or account number(s) without Customer's consent except for DES's own collections and credit reporting, participation in programs funded by the universal service fund pursuant to section 4928.52 of the Revised Code, or assigning a customer contract to another CRES provider.

11. Dispute Resolution – If Customer has a billing or other dispute involving this Agreement, Customer may contact DES at the telephone number, e-mail address or mailing address listed below. If your complaint is not

resolved after you have called your electric supplier and/or your electric utility, or for general utility information, residential and business customers may contact the Public Utilities Commission of Ohio (PUCO) for assistance at 1-800-686-7826 (toll free) from eight a.m. to five p.m. weekdays, or at <http://www.puco.ohio.gov>. Hearing or speech impaired customers may contact the PUCO via 7-1-1 (Ohio relay service). The Ohio consumers' counsel (OCC) represents residential utility customers in matters before the PUCO. The OCC can be contacted at 1-877-742-5622 (toll free) from eight a.m. to five p.m. weekdays, or at <http://www.pickocc.org>.

12. Limitation of Liability – Customer agrees that neither DES nor any of its employees, affiliates, agents, or subcontractors (collectively, DES Parties) will be liable for any damages or claims for matters within the control of Customer's electric utility or the regional transmission organization controlled electricity grid. The DES Parties will not be responsible for any failure to commence or terminate power and energy service on the date specified herein due to any failure or delay in enrolling Customer with Customer's electric utility. The DES Parties' liability will be limited to direct actual damages only. In no event will the DES Parties be liable for any punitive, incidental, consequential, exemplary, indirect, attorney's fees, third-party claims or other damages whether based on contract, warranty, tort, negligence, strict liability or otherwise, or for lost profits arising from any breach or nonperformance of this Agreement.

13. Force Majeure – If a Party is prevented by Force Majeure from carrying out, in whole or part, its obligations under this Agreement (the "Claiming Party") and gives notice and details of to the other Party as soon as practicable, then the Claiming Party shall be excused from the performance of its obligations under this Agreement (other than the obligation to make payments then due or becoming due with respect to performance prior to the Force Majeure). The Claiming Party shall remedy the Force Majeure with all reasonable dispatch. During the period excused by Force Majeure, the non-Claiming Party shall not be required to perform its obligations under this Agreement. "Force Majeure" shall mean an event or circumstance which prevents the Claiming Party from performing its obligations or causes delay in the Claiming Party's performance under this Agreement, which event or circumstance was not anticipated as of the date this Agreement was agreed to, which is not within the reasonable control of, or the result of the negligence of, the Claiming Party, and which, by the exercise of due diligence or use of good utility practice, as defined in the applicable transmission tariff, the Claiming Party is unable to overcome or avoid or cause to be avoided, such as, but not limited to, acts of God; fire; flood; earthquake; war; riots; strikes, walkouts, lockouts and other labor disputes that affect Customer or DES. Force Majeure shall not be based on 1) Customer's inability to economically use the electricity purchased hereunder; or 2) Supplier's ability to sell the electricity at a price greater than the price under this Agreement.

14. REGULATORY OUT – Changes to laws, regulations, rules, decisions, entries, findings, or orders governing the generation, transmission, or sale of electricity may be made by different entities, including state agencies and regulatory bodies such as the Public Utilities Commission of Ohio (PUCO), federal agencies and regulatory bodies such as the Federal Energy Regulatory Commission (FERC), and Regional Transmission Organizations (RTO) that operate multi-state regional electric transmission systems such as PJM Interconnection LLC (PJM), the RTO that operates the regional electric transmission system in a multi-state region that includes Ohio. Such changes may include, without limitation, new, revised, altered, amended, or reinterpreted laws, regulations, rules, decisions, entries, findings, or orders relating to (i) the generation of electricity, (ii) the availability and reliability of electricity supply resources (including, without limitation, capacity), (iii) the reliability of the electricity grid, (iv) the transmission or delivery of electricity, and (v) the sale or marketing of wholesale and retail electricity (collectively, Regulatory Events). DES has no control over Regulatory Events. If any Regulatory Event makes this Agreement uneconomic or unprofitable for DES, Customer agrees that DES may propose new contract terms to Customer, including, without limitation, an increased price for the electricity delivered by DES under this Agreement. If DES proposes new contract terms in accordance with this clause, DES will provide written notice to the Customer that identifies (1) the Regulatory Event(s) at issue, (2) the new contract terms proposed by DES, and (3) when the new contract terms will take effect following Customer's acceptance. Customer will have thirty (30) days from the date of the written notice to affirmatively accept or reject the new contract terms. If Customer does not affirmatively accept the new contract terms within thirty (30) days of the written notice, DES may in its sole discretion elect to terminate this Agreement without penalty on the next available meter read date after the expiration of the thirty-day notice period and processing by the electric utility and DES, after which Customer will return to Customer's electric utility or another CRES provider of Customer's choosing for electricity; alternatively, DES may, in its sole discretion, elect to continue supplying electricity to Customer under the original terms of this Agreement.
