

To who it may concern,

Feb. 24th, 2020

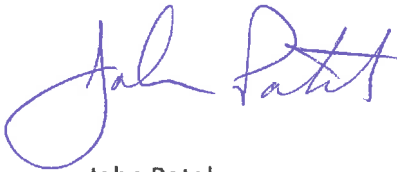

I John Potok, with company Real Deal Delivery Service LLC am requesting to re-open the case OH0944002198C for violations given against my company on February 8th, 2019. My company was issued a violation for State Operating Authority violation, which was not correct at the time of issue. I called the next day to find out why this was under suspension, at which time I was told that it was due to an unpaid fine.

As I discussed with the person on the phone at Puco, this fine was paid back in November, after looking into it, the person at the state of Ohio seen that the fine was paid and un suspended the Authority the next day. The problem is, it should have been reversed back to November and wasn't.

The reason for my request is due to an accident that occurred on February 8th, and part of the case is that my authority was suspended, but I need this to be documented that my authority was valid and that my company was legal to run.

So after talking with Rod Moser at PUCO, for these reasons I am requesting a hearing regarding these violation(s), per the advise of Rod Moser at Ohio Puco, I have paid the fine for these violations until this hearing is done, but the most important issue is to be heard ...

Thank you,

John Potok
