Dear Ms. Troupe:

On November 21, 2019, in Case No. 19-1808-EL-UNC, the Commission established a replacement nonbypassable rate mechanism for the retail recovery of net legacy generation resource (LGR Rider) costs pursuant to R.C. 4928.148. The Commission established the LGR Rider rate design to provide for a statewide rate (Part A Rate) and a specific EDU true-up rate (Part B Rate). The LGR Rider will be effective January 1, 2020, through December 31, 2030, filed on a semi-annual basis and be subject to final reconciliation. The LGR Rider will be comprised of two parts; Part A Rate – Statewide Rate and Part B Rate – Specific EDU true-up. Beginning January 1, 2020, the Part B Rate will include the estimated December 31, 2019 balance that exists within the EDUs current rider that is being replaced by the LGR Rider.

Ohio Power Company (AEP Ohio) has coordinated with Staff to develop the LGR rates reflected in the attached compliance tariffs, with respect to both the Part A and Part B components. Accordingly, the Company submits its Part B Rate – specific EDU true-up to be included in the LGR Rider effective Cycle 1 of July 2020. The updated Part B reflects the actual expenses for the months of September, October and December 2019 and the forecast (over)/under recovery for October through December 2019 considering Part B revenue from January through April 2020.

Per the Commission's Entry, the updated rates shall become effective unless otherwise specified by the Commission. Thank you for your attention to this matter.

Respectfully Submitted,

//s/ Steven T. Nourse

P.U.C.O. NO. 20

LEGACY GENERATION RESOURCE RIDER

Ohio Power and Columbus Southern Power Rate Zones

Effective ~~January~~Cycle 1, July 2020, all customer bills subject to the provisions of this Rider, including any bills rendered under special contract shall be adjusted by the monthly Legacy Generation Resource Rider charge as follows:
