Dear Ohio Power Sitting Board,

Good morning. I am writing to you today, as a student of Ohio State, to oppose The Ohio State University's new gas plant. This would cause untold health problems on the Ohio State Community, the city of Columbus, and Franklin county. In addition, this will ignore the goal of 100% renewables put forth by the mayor of Columbus.

Please stop the development of the gas plant and have Ohio State look to renewable sources of energy.

Sincerely,
Connor Nagy
