Conditions for Approval Duke Energy Central Corridor Pipeline Glendale Milford Open Cut Permit

In additions to the conditions listed on the application, the above permit is approved as noted below:

1. Work to be performed during the hours of 7:00am to 7:00pm Monday through Saturday.
2. Applicant shall maintain at least one lane of traffic for emergency vehicles.
3. Applicant shall provide a Maintenance of Traffic Plan for this section of work, including but not limited to schedule, signage, detour routes, and methods to be employed prior to construction.
4. Access to residential driveways within the work zone shall be maintained during non-working hours. To maintain access to residences during non-working areas, metal plates may be employed.
5. Restoration of disturbed areas to be replaced in kind or better.
6. Restoration of disturb lawn areas to be performed within 7 days of completing the work as shown on the permit.
7. Restoration of trench to be performed after work is completed to ensure the road is passible. Glendale Milford has both a concrete and asphalt base sections. The current pavement section for Glendale Milford Road is an ODOT Item 452 - 11" concrete base or 12" Item 301 Asphalt Base with 1½" of Item 441 - Intermediate Asphalt course and 1½" of Item 441 - Surface Asphalt Course.
8. Prior to construction through signalized intersections, contact the Village Engineer at 513-563-4338 to ensure that the underground signal wiring is marked. At Sharondale and Kingsport intersections with Glendale Milford Road, there are a series of conduits that cross the roadway for the traffic control systems. There is a 2" conduit that crosses the west side of the intersection at Kingsport for fiber and a 3" conduit for traffic control wiring. There is a 3" conduit at the east side of the intersection with Sharondale for traffic control wiring.
9. Any damages to underground utilities (water, sewer, gas, etc.) shall immediately be repaired.
10. The entire length of Glendale Milford west bound lane shall be milled and resurfaced. In addition, any additional areas disturbed during work of the eastbound lanes or middle turn lanes shall be milled and resurfaced.
