Reference case number: 16-1871-EL-BGN

I believe the State of Ohio has an obligation to protect our natural resources and should regard the protection of Lake Erie as a priority.

I do not support the Icebreaker Wind Turbine project. I am very concerned about the industrialization of Lake Erie. I strongly urge the Ohio Power Siting Board to uphold its decision to include 33 critical conditions in its permit to build wind turbines in Ohio's greatest natural resource.

Please protect our most precious resource, Lake Erie and our natural wildlife. I have worked as an electric utility employee for many years. Rates will only go up once windfarms are built.
