PUCO Docketing Division:

The Indiana & Ohio Railway Company (IORY) is submitting the following update for the above referenced project as a follow up to the traffic preemption issues.

The railroad has received the new narrow band frequency shunts and will proceed to install the new materials as soon as possible. The railroad will proceed to test the crossing, observing train movements for a tail ring. The railroad will keep the PUC/ORDC appraise of its findings.

Please feel free to contact me at (614) 479-1716 if you have any questions regarding this submission.

Sincerely,

Christopher R. Frank
Manager Engineering
Genesee Railroad Services Inc.
