Subject: I support Republic Wind!

Dear Docket Submission Ohio Public Siting Board,

As an Ohioan, I want to encourage you to award a permit to the Republic Wind project (Docket No. 17-2295-EL-BGN, Republic Wind).

Wind energy projects like Republic Wind are an important part of the future of Ohio's economy. Ohio manufacturing already supplies many of the components for wind projects in other states, and it's high time we put these components to work in projects in our own state.

The economic, community, infrastructure, and health benefits that this project will bring Northern Ohio are hardly debatable. Support clean, reliable, and affordable energy that will spur economic development across Ohio. Support Republic Wind.

Regards,
Joan Brasaemle
