RE: In the Matter of the Application of Ohio Gas Company for Approval to Establish an Infrastructure Development Rider, Case Nos. 20-1262-GA-IDR and 20-1263-GA-ATA

Dear Ms. Troupe:

Ohio Gas Company ("Company") filed an Application to implement an Infrastructure Development Rider ("IDR") pursuant to R.C. 4929.16 to 4929.162 and Chapter 4901:1-43, O.A.C., in the above-referenced proceedings on July 9, 2020. The Staff of the Public Utilities Commission of Ohio ("Staff" or "Commission" as appropriate) filed a Review and Recommendation on July 24, 2020. The Staff was largely in agreement with the Application but had one recommended edit to the proposed language for the new IDR tariff sheet, which is as follows:

The IDR is subject to reconciliation or adjustments, including but not limited to increases or refunds. Such reconciliation or adjustment shall be limited to the 12-month period of expenditures subject to annual review and audit by the Commission. ~~The IDR may include Customer refunds~~ if the Commission or Supreme Court of Ohio determines, as a result of an audit, that the IDR was unlawful or unreasonable or included imprudent amounts.

The Company does not object to Staff's proposed edit. Assuming the Commission adopts Staff's proposal, the Company will incorporate the change into the final compliance tariff.

Sincerely,

/s/ Matthew Pritchard
