**Subject:** I support Emerson Creek Wind!

Dear Docket Submission Ohio Public Siting Board,

As a resident of the State of Ohio with friends living in the area surrounding the Emerson Creek Wind project (Docket No. 18-1607-EL-BGN, Emerson Creek), I want to encourage you to award a permit to this project.

Over the last several years, I've participated in public discussions regarding the project and directly interacted with developers in the area, including Apex Clean Energy.

Apex has been accessible and responsive to questions and feedback. They have been very engaged with members of the community and are committed to protecting our legacy. As I've talked to my fellow residents, I see broad support for Emerson Creek Wind. I recognize there are some in the county who do not want wind projects. Fortunately, no one is telling them they must put a turbine on their property.

The economic, community, infrastructure, and health benefits that would result from this project are hardly debatable. For these reasons I urge you to support Emerson Creek Wind. The state of Ohio and the area near the project recognize that it is time for Ohio to stop dragging their feet when it comes to RE. This project has the public support it needs, not it is time for the legislative support to follow.

Thank you for your time!

Regards,  
Allison South
