Certificate Issued in Case No. 09-479-EL-BGN.)

**HARDIN WIND ENERGY, LLC'S SUPPLEMENTAL RESPONSE TO THE
FIRST DATA REQUEST FROM THE STAFF OF THE OHIO POWER SITING BOARD**

Hardin Wind Energy, LLC (“Hardin Wind”) was certified by the Ohio Power Siting Board (“Board”) to construct the Hardin Wind Farm, a wind-powered electric generation facility to be located in Hardin County, Ohio, in accordance with the Certificate of Environmental Compatibility and Public Need issued by the Board in Case No. 09-479-EL-BGN, as amended in Case Nos. 11-3446-EL-BGA, 16-469-EL-BGA, 16-2404-EL-BGA, and 18-677-EL-BGA (“Certificate”). On July 17, 2020, Hardin Wind filed notice of relinquishment and withdrawal of its Certificate with the Board.

On July 24, 2020, the Staff of the OPSB ("OPSB Staff") provided Hardin Wind with OPSB Staff's First Data Request and on August 7, 2020, Hardin Wind filed its response. Hardin Wind now provides the following supplemental response to the First Data Request from the OPSB Staff.

1. Please provide photos of the areas and documentation as to the results of the reclamation from the property owners.

Response: Attachments 1 through 7 filed on August 7, 2020, contain photos and documentation from each location where decommissioning was required. These attachments contain the information necessary to support a finding that Hardin Wind has complied with all the certificate conditions regarding decommissioning. The information provided included agreements with the land owners confirming that Hardin Wind has satisfactorily completed all requirements. If, sometime in the future, something unforeseen arises in regard to the agreements with the landowners, those issues would be subject to review by a court of competent jurisdiction.

Respectfully submitted,

/s/ Christine M.T. Pirik
